[Have You Seen This Person?](#) LJ Roberts, 2020-12-02

Each year hundreds of thousands of people are reported missing in the United States alone. The majority of those who disappear turn up within a week but a small percentage are never heard from again. Why did a Swedish teenager on an Australian adventure mail a cryptic letter to his family in Stockholm before disappearing forever? What became of a young woman whose car was found crashed and abandoned off a cliffside in Whatcom County, Washington? How can an individual vanish without a trace in a world so connected and monitored? This book explores ten unsolved missing persons cases from around the world: from a 12-year-old British boy who purchased a one-way ticket to London and never returned; to an American traveler who walked into the Himalayas and was never seen again. Included are exclusive interviews, statistical information, and a case-by-case analysis of the most common and probable theories for each disappearance.
