Raskin,2012-12-06 GOAL This is the funniest book I have ever written and the ambiguity here is deliberate Much of this book is about deliberate ambiguity described as unambiguously as possible so the previous sentence is probably the first last and only deliberately ambiguous

sentence in the book Deliberate ambiguity will be shown to underlie much if not all of verbal humor Some of its forms are simple enough to be perceived as deliberately ambiguous on the surface in others the ambiguity results from a deep semantic analysis Deep semantic analysis is the core of this approach to humor The book is the first ever application of modern linguistic theory to the study of humor and it puts forward a formal semantic theory of verbal humor The goal of the theory is to formulate the necessary and sufficient conditions in purely semantic terms for a text to be funny In other words if a formal semantic analysis of a text yields a certain set of semantic properties which the text possesses then the text is recognized as a joke As any modern linguistic theory this semantic theory of humor attempts to match a natural intuitive ability which the native speaker has in this particular case the ability to perceive a text as funny i e to distinguish a joke from a non joke

Language Choice in Interracial Marriages: The Case of Filipino-Malaysian Couples Francisco Perlas Dumanig, 2010-10-19 Language choice has become a common phenomenon in interracial encounters in which speakers are always faced with the challenge of choosing an appropriate language in various domains of communication In multilingual and multiracial societies language choice can sometimes be crucial because of its social political and economic impact on the speakers Even in the smallest unit of a society which is the family language choice plays an important role particularly in interactions between husbands and wives who come from different linguistic and cultural backgrounds It is therefore the objective of this research to examine the language choice in interracial couples communication More specifically this research examines the language choice accommodation strategies and code switching patterns in verbal communication of Filipino Malaysian couples in the home domain Furthermore this study explores the occurrence of language choice in relation to ethnicity first language and gender To carry out the study 60 spouses consisting of Filipino Malay Filipino Malaysian Chinese and Filipino Malaysian Indian couples were interviewed and given questionnaires which include the socio demographic profile language choice and accommodation strategies used Data were collected using the qualitative approach by interviewing and recording the conversations of Filipino Malaysian couples To support the qualitative findings a quantitative approach based on the

questionnaire results was also used. The findings of the study reveal that Filipino Malaysian couples prefer English as their medium of communication at home with some switching to Bahasa Malaysia, Chinese and Filipino languages. The couples' preference of English is prevalent although none of them considered English as their first language. Their mother tongue becomes the secondary preference which is evident in the use of code switching. The findings further reveal that couples' language choice is influenced by ethnicity, first language and gender. On the other hand, the use of accommodation strategies such as approximation, interpretability, discourse management and interpersonal control accommodation strategies occurs in many interactions. The findings of the study support Giles and Powesland's 1978 Communication Accommodation Theory (CAT) that in interracial couples, communication spouses tend to accommodate each other by using a range of accommodation strategies which include code switching.

Engaging Humor Elliott Oring, 2010-10-01. Exploring the structure, motives and meanings of humor in everyday life. In *Engaging Humor*, Elliott Oring asks essential questions concerning humorous expression in contemporary society, examining how humor works, why it is employed and what its messages might be. This provocative book is filled with examples of jokes and riddles that reveal humor to be a meaningful even significant form of expression. Oring scrutinizes classic Jewish jokes, frontier humor, racist cartoons, blonde jokes and Internet humor. He provides alternate ways of thinking about humorous expressions by examining their contexts, not just their contents. He also shows how the incongruity and absurdity essential to the production of laughter can serve serious communicative ends. *Engaging Humor* examines the thoughts that underlie jokes, the question of racist motivation in ethnic humor and the use of humor as a commentary on social interaction. The book also explores the relationship between humor and sentimentality and the role of humor in forging national identity. *Engaging Humor* demonstrates that when analyzed contextually and comparatively, humorous expressions emerge as communications that are startling, intriguing and profound.
