Chand's *ICSE BIOLOGY Book- 2 for Class-X* Sarita Aggarwal, S Chand s ICSE Biology for Class X by Sarita Aggarwal is strictly in accordance with the latest syllabus prescribed by the Council for the Indian School Certificate Examinations CISCE New Delhi The book aims at simplifying the content matter and give clarity of concepts so that the students feel confident about the subject as well as the competitive exams A New Approach to ICSE Biology for Class X (A.Y. 2023-24) Onward Dr. K.K. Aggarwal, 2023-05-20 Biology is the study of life and living organisms Since it embraces all living things it is perhaps the most fascinating branch of science The new inventions and discoveries have helped greatly in continuously testing and searching the truth and unfolding the mysteries of life whether plants animals or microscopic life During the past some years biology has shifted its focus from the structure of living organisms to looking more at how they work and function These advances in biological knowledge raise new issues The present book will help you to understand and contribute to the biological revolution which is taking place in our lives This book has been revised and upgraded in accordance with the latest syllabus of Biology prescribed by the Council for Indian School Certificate Examinations New Delhi The salient features of the book Written in a very simple easy to understand language and in a pointwise sequential manner The prescribed syllabus has been strictly followed with special emphasis on easy explanation of concepts with key facts The text is complemented with well illustrated multi coloured properly labelled diagrams which inspire the students to draw themselves Text and

illustrations contribute to the basic understanding and appreciation of the field of biology. Different flow charts and tables make the concepts easy to grasp and the chapters informative. Some extra useful information has been provided to enhance the students' knowledge related to the chapter. Important points of each chapter including important biological terms have been given at the end of each chapter. Comprehensive in-text exercises have been given to check the progress of the students and their retention capacity. At the end of each chapter, an exercise has been given which consists of a variety of questions including objective type, very short answer type, short answer type, long answer type, and structured questions. Exercises also include questions from past years' Board Examination Papers. Quick revision web charts, Mind Maps containing the gist of each chapter, have been given at the end of each chapter. The ICSE Specimen Question Paper Solved has been given. I hope this book will prove very useful to the students and teachers. Suggestions and constructive criticism for the further improvement of the book would be gratefully acknowledged and incorporated in subsequent editions.
