Pascal Lévesque, 2020-03-19 Compared with its civilian counterpart which struggles with delays and uncertain results summary military justice is efficient From offence until outcome 90 per cent of cases are dealt with in less than ninety days The other side of the coin is that there is no right to representation by defence counsel no transcript produced and no appeal to a judge Nine times out of ten individuals are found guilty For service members consequences can include fines reductions in rank confinement and sentences of up to thirty days in military jail sometimes with a criminal conviction Addressing important gaps in legal literature Frontline Justice sets out to examine summary justice in Canada's military and to advocate for reform Pascal Lévesque describes the origins purposes and features of the summary trial system in the Canadian Armed Forces He then analyzes the system's benefits and flaws and the challenges it faces in maintaining discipline while respecting the Canadian Charter of Rights and Freedoms Lévesque determines that troubling aspects of the system including the fact that lower and higher ranks are dealt with and punished differently are clear indicators of a need for change Criticizing current legislation the book takes into account the latest developments in military law and jurisprudence to make concrete recommendations for an alternative model of military justice A thought provoking and balanced analysis Frontline Justice seeks to remedy some of the more unfair and arcane proceedings of the Canadian military's summary trial system
