

My Leadership Style

You are interviewing for a position and your prospective employer asks you to describe your leadership style. How would you answer? Draft an essay describing your leadership style. Transformational leadership is my most admired style of leadership. It strikes me in a number of ways but most of all is the fact that it is effective, for both big and relatively small teams in the effort to translate their efforts into efficiency. Transformational leadership is based on certain axioms concerning the behavior of the followers.

This is crucial as leaders are supposed to play directional roles. As noted by Stacey, (1992), transformational leadership enables the organization or institution to change as well as the employees because the leader usually exhibits qualities such as: charisma, good communication skills, confidence, as well as innovativeness.
