

Mythology Board Game Project

During the next week or so, you will be designing your own board game. Remember all those great games you have played? Well, now you can make your own, your own rules, your own design, your own questions! The only thing is, you must relate it to Greek Mythology. First, before you start thinking about your "new" design, brainstorm a list of board games that you like to play, or ones that you have played before.

Here, it's your turn to create a board game based off of Greek Mythology topics and concepts you have learned these past couple of weeks. If you would like, you can use the board game we talked about in class as a way to get you started on your own idea. Otherwise, you can create your own, unique idea for a board game! Something you need to keep in mind is that board games are fun, interactive, structured and **NOT BORED GAME!** Don't make this boring or tedious! Use your creative minds to think of ways to make this material be a creative, board game.

Requirements:

Health Research Planning Agency report shows that the following findings have been made in the project:

- Actual playing board, including game pieces and any necessary devices to complete your designed game.
 - o **Board must be an original.** Not one taken from a previously designed board game.
- Game theme, questions, statements, layout, design must be related to Greek mythology topics and concepts.
