2012 GCSE English results Great Britain: Parliament: House of Commons: Education Committee, 2013-06-11 The 2012 GCSE English results prompted significant controversy which ultimately resulted in an application for judicial review This report sets out the background to these events and identifies lessons to be learned The problems with GCSE English can be traced back to the 2007/09 development phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do *Independent Schools Yearbook 2012-2013* none, 2013-06-20 The highly respected book of reference of sought after Independent Schools in membership of the Independent Schools Council's Associations HMC GSA The Society of Heads IAPS ISA and COBIS *Getting Into Medical School 2013 Entry* Simon Horner, 2012-04-18 Do you want to study medicine at university but need to make your application stand out Do you need insider information so you know exactly what admission tutors are looking for Getting into medical school is tough with enormous competition for places admission tutors only select the very best applicants Make sure your application stands out from all the others with *Getting into Medical School 2013 entry* Inside you'll find everything you need to know about applying and getting into medical school From deciding whether medical school is right for you and choosing the right A Levels to the interview and acceptance process Full of essential information *Getting into Medical School 2013 entry* includes insider tips for the interview plus a section on the current issues facing the medical industry so you'll be clued up for the interview Including guidance for studying abroad and on obtaining valuable work experience *Getting into Medical School 2013* will guide you from the beginning of your application right through to applying to different universities accepting offers and beyond including Understanding what funding and bursaries you are entitled too Writing a personal statement that will make you stand out from the competition Helping you to decide what to specialise in Use *Getting into Medical School 2013 entry* to make sure your application conveys your enthusiasm and passion for the subject so you get onto the course of your choice and win a place at medical school **From GCSEs to EBCs** Great Britain. Parliament. House of Commons. Education Committee, 2013 The Government's plans for replacing GCSEs with new English Baccalaureate Certificates in some subjects

is trying to do too much too fast Introducing several fundamental changes at the same time and to a tight timetable will jeopardise the quality of the reforms and may threaten the stability of the wider exam system GCSEs need significant improvements in order to restore public confidence in the exam system but the Government still needs to make the case that the GCSE brand is so discredited that it is beyond repair MPs are also concerned about the impact of the changes on subjects outside the English Baccalaureate where students will be taking GCSEs for some time to come according to the Government's plans The report also questions how well the Government's proposals will serve lower attaining pupils who are often the most disadvantaged There is no evidence that the proposed changes will help to tackle under achievement or narrow the attainment gap between the richest and poorest students any more effectively than GCSEs The Government is also called upon to re think its plans for a Statement of Achievement specifically for lower attaining pupils MPs agree that changes are needed to the way in which exams are run but they raise serious concerns about franchising subjects to exam boards The report is critical of the Government's decision to abolish some GCSEs before publishing the outcomes of the National Curriculum Review and its proposed changes to the school accountability system MPs also note the wide ranging stakeholder opposition to many of the Government's proposals

Forward with Classics Arlene Holmes-Henderson, Steven Hunt, Mai Musié, 2018-08-09 Despite their removal from England's National Curriculum in 1988 and claims of elitism Latin and Greek are increasingly re entering the mainstream educational arena Since 2012 there have been more students in state maintained schools in England studying classical subjects than in independent schools and the number of schools offering Classics continues to rise in the state maintained sector The teaching and learning of Latin and Greek is not however confined to the classroom community based learning for adults and children is facilitated in newly established regional Classics hubs in evenings and at weekends in universities as part of outreach and even in parks and in prisons This book investigates the motivations of teachers and learners behind the rise of Classics in the classroom and in communities and explores ways in which knowledge of classical languages is considered valuable for diverse learners in the 21st century The role of classical languages within the English educational policy landscape is examined as new possibilities exist for introducing Latin and Greek into school curricula The state of Classics education internationally is also investigated with case studies presenting the status quo in policy and practice from Australasia North America the rest of Europe and worldwide The priorities for the future of Classics education in these diverse locations are compared and contrasted by the editors who conjecture what strategies are conducive to success

*Starting to Teach Latin* Steven Hunt, 2023-03-09 This book for teachers provides both practical up to date guidance and a theoretical overview on a number of key topics in Latin teaching Updated throughout this new edition includes information about and analysis of recent Latin textbook publications and curriculum developments across the globe Using a wealth of interviews observations and pupil transcripts Steven Hunt utilizes case study evidence of excellent practice in teaching and learning from a wide variety of institutions from outreach
