Research Guide to Japanese Film Studies Abé Markus Nornes,Aaron Gerow,2016-02-02 The Research Guide to Japanese Film Studies provides a snapshot of all the archival and bibliographic resources available to students and scholars of Japanese cinema Among the nations of the world Japan has enjoyed an impressively lively print culture related to cinema The first film books and periodicals appeared shortly after the birth of cinema proliferating wildly in the 1910s with only the slightest pause in the dark days of World War II The numbers of publications match the enormous scale of film production but with the lack of support for film studies in Japan much of it remains as uncharted territory with few maps to negotiate the maze of material This book is the first comprehensive guide ever published for approaching the complex archive for Japanese cinema It lists all the libraries and film archives in the world with significant collections of film prints still photographs archival records books and periodicals It provides a full annotated bibliography of the core books and magazines for the field And it supplies hints for how to find and access materials for any research project Above and beyond that Nornes and Gerow s Research Guide to Japanese Film Studies constitutes a comprehensive overview of the impressive

dimensions and depth of the print culture surrounding Japanese film and a guideline for future research in the field This is an essential book for anyone seriously thinking about Japan and its cinema **Studying Business at University** Andreas Giazitzoglou, 2025-03-21 Taking a business degree at university whether it is in management marketing operations management finance accounting economics or another subject is a fulfilling and rewarding experience But how can you know before you choose your subject what it will be like How is it possible to make an informed decision Look no further Studying Business at University provides new and prospective undergraduates with a concise and easy to read insight into what life is like as a business student today This student friendly book written in the style of an email dialogue between two students informs and reassures the new business student who is seeking advice on how to get the most out of their degree experience and covers the whole degree from application to graduation and beyond Covering questions of employability work placements job interviews and emerging concerns such as the use of Artificial Intelligence AI in research and essays this book is an up to date window on the modern student experience Ideal for final year college students who are choosing their degree subject as well as undergraduates and international students who are actively navigating their way through their business degree course this book will also be a helpful reference for lecturers who want to give their students as much support as possible as they learn to balance the demands of academia with the pressures of the real world **The Sewanee Review** ,1918
