

# IELTS Band 9 Sample Essay

**Exam Question:** Universities should allocate the same amount of money to their sport activities as they allocate to their libraries. **Do you agree or disagree?**

Yes, I do feel that universities should have an equal budget for their libraries as well as \_ sport activities. It is our general belief that a good player can not be \_ good student and hence we restrict our children's sport activities at college level. Moreover, an academic degree has much more value than sport activities which naturally compels students to focus more on their studies than their interest in sport.

Most of the universities keep sports at last number of their priority list, because of which good players do not get enough facilities and equipments to improve their skills and eventually they loose their interest. Universities can play \_ substantial role in shaping this upcoming talent by providing good trainers and equipments which is otherwise too expensive to afford. Also it will attract other students towards sports and inculcate importance of physical fitness in them.

Universities should produce genius in all fields rather than only concentrating on progress of scholars. Hence, I feel that universities should allot equal amounts of money to library as well as sport activities.
