A Yankee in the Trenches (WWI Centenary Series) Robert Derby Holmes, 2020-07-14 I have tried as an American in writing this book to give the public a complete view of the trenches and life on the Western Front as it appeared to me and also my impression of conditions and men as I found them It has been a pleasure to write it and now that I have finished I am genuinely sorry that I cannot go further On the lecture tour I find that people ask me questions and I have tried in this book to give in detail many things about the quieter side of war that to an audience would seem too tame I feel that the public want to know how the soldiers live when not in the trenches for all the time out there is not spent in killing and carnage As in the case of all men in the trenches I heard things and stories that especially impressed me so I have written them as hearsay not taking to myself credit as their originator I trust that the reader will find as much joy in the cockney character as I did and which I have tried to show the public let me say now that no finer body of men than those Bermondsey boys of my battalion could be found R Derby Holmes Corporal of the 22d London Battalion of the Queen s Royal West Surrey Regiment This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context

The Great War as I Saw It (WWI Centenary Series) Frederick George Scott, 2016-03-10 May the ears of Canada never grow deaf to the plea of widows and orphans and our crippled men for care and support May the eyes of Canada never be blind to that glorious light which shines upon our young national life from the deeds of those Who counted not their lives dear unto themselves and may the lips of Canada never be dumb to tell to future generations the tales of heroism which will kindle the imagination and fire the patriotism of children that are yet unborn This

book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context *Private Peat (WWI Centenary Series)* Harold R. Peat,2021-01-08 In this record of my experiences as a private in the great war I have tried to put the emphasis on the things that seemed to me important It is true I set out to write a book of smiles but the seriousness of it all came back to me and crept into my pages Yet I hope along with the grimness and the humor I have been able to say some words of cheer and comfort to those in the United States who are sending their husbands their sons and brothers into this mighty conflict The book unsatisfactory as it is to me now that it is finished at least holds my honest and long considered opinions It was not written until I could view my experiences objectively until I was sure in my own mind that the judgments I had formed were sane and sound I give it to the public now hoping that something new will be found in it despite the many personal narratives that have gone before and confident that out of that public the many friends I have made while lecturing over the country will look on it with a lenient and a kindly eye This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context **A Treasury of War Poetry: British and American Poems of the World War 1914-1917 (WWI Centenary Series)** G. H. Clarke,2016-03-10 The present Anthology contains a number of representative poems produced by English speaking men and women The editorial policy has been humanly hospitable rather than academically critical especially in the case of some of the verses written by soldiers at the Front which however slight in certain instances their technical merit may be are yet psychologically interesting as sincere transcripts of personal experience and will it is thought for that very reason peculiarly attract and interest the reader It goes without saying that there are several poems in this group which conspicuously succeed also as works of art For the rest the attempt has been made within such limitations as have been experienced to present pretty freely the best of what has been found available in contemporary British and American war verse This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context **William Orpen, an Outsider in France** Caroline Gallois,2019-01-15 William Orpen 1878 1931 was in 1917 appointed as an official war artist in France He not only saw the Great War as a call to paint serious subject matter

enabling him to break away from the constraints of society portraiture in London but also as an opportunity to write Orpen was commissioned along with artists such as Paul Nash Stanley Spencer and Wyndham Lewis to paint for the Department of Information He was the only war artist to keep a written record of his wartime experience published in 1921 as *An Onlooker in France* In his Preface Orpen rather too modestly states This book must not be considered as a serious work on life in France behind the lines it is merely an attempt to record some certain little incidents that occurred in my own life there This art historical study is a companion to this attempt It examines within the context of the global crisis that WWI was and from various theoretical philosophical and literary angles his singular and at times provocative work Orpen set out to provide a textual and visual record of life on the Western Front as well as behind the lines of what was supposed to be the War to End all Wars For want of being a fighting man the non combatant artist writer determined to fight with his own arms his pens and brushes *In Flanders Fields* John McCrae, Sir Andrew Macphail, 2013-11 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book The below data was compiled from various identification fields in the bibliographic record of this title This data is provided as an additional tool in helping to ensure edition identification In Flanders Fields And Other Poems John McCrae Sir Andrew Macphail G P Putnam s Sons 1919 English poetry War poetry World War 1914 1918

In Flanders Fields Brian Busby, 2005-10-05 Few people alive today had direct experience of the First World War and yet it seems embedded in the collective consciousness of the combatant nations as a warning to future generations of the futility of military conflict Our awareness of the terror loneliness and desperate hope endured by the men who fought this war we owe to the quality of the art that came out of it not least the poetry Despite the passage of time its ability to move and inspire us remains undimmed as this superb new compilation richly demonstrates Selected from the work of soldiers killed in action starting with Rupert Brooke in 1915 and ending with the tragic loss of Wilfred Owen seven days before the Armistice the poems capture a broad range of emotions contemplations and states of mind ranging from anthems about the brutality of war to wistful evocations of home and loved ones left behind This collection showcases some of the best poetry to emerge from the conflict and stands as a worthy memorial to the collective talent and sacrifice of those who gave their lives
