Multicampus University Systems Ishmael I. Munene,2014-08-27 In the face of increasing social demand and cutbacks in state budgetary support universities in African countries are now turning towards a multicampus system strategy As African governments have adopted neoliberal education policies that place premium on entrepreneurialism profit making privatization and markets as drivers of university development a reshaping of the academic work and organizational framework have taken place However little is known about the impact of this paradigm shift on access quality and governance in higher education This book fills the void in research and academic knowledge about the impact of the emerging university configurations in Africa It analyzes the paradox surrounding the performance of multicampus university systems as avenues of broadening university access but whose structural success may be qualitatively contested This book offers a refreshing examination of the African multicampus university system from both an African and global perspective It makes use of empirical data from Kenya collected during extensive fieldwork along with substantive library and documentary resources on the rest of the continents to fortify arguments and demonstrate important conclusions This allows for a comparative analysis of policies and strategies used in the establishment of campuses both within and beyond national boundaries in the continent and will be a welcome contribution to the existing repertoire on African universities **West Africa** ,1989 **Nigeria** J. Isawa Elaigwu,2012-06-30 Nigeria has experienced different forms of crises and instability since she became independent on October 1 1960 The country has also been under different forms of rule from the Westminster system of parliamentary democracy in the First Republic 1960 1966 to prolonged periods of military rule 1966 1979 1983 1999 to a presidential system of governance 1979 1983 1999 present During these periods there have been several contentious issues that appear to permanently put the country on the precipice In this collection of essays Isawa Elaigwu a professor emeritus of political science reflects on the country s painful political experiences arguing that it is necessary for

Nigerians to understand the past and actively participate in the present in order to create a brighter future for the country The essays in the book therefore serve as the links between the country s yesterday and today as foundations for the future

God's Love Prevails Evangeline Ngozichukwu,2013-07-31 In this incredible true and inspiring story Gods Love Prevails you will discover how God reaches out to the lost and the wounded as he did in the biblical times It is believed that the Igbos of Nigeria descended from Israel I was born and raised in Igbo I remember in retrospect the culture and traditions of the Igbos which I discovered very similar to that of the Hebrews In my post primary school I as well read the trilogy of Professor Chinua Achebe Things Fall Apart No Longer at Ease and Arrow of God These three books explicitly show and prove the belief that Igbos descended from Israel through the cultural and traditional events that run in the books These coupled with the information from my biological and spiritual father before he passed on make me think deep of this supernatural encounter with the god of Abraham Isaac and Jacob Furthermore you will see how God went in search of a vessel to portray that which is written in 1 Corinthians 1 2729 But God hath chosen the foolish things of the world to confound the wise and God hath chosen the weak things of the world to confound the things which are mighty And base things of the world and things which are despised hath God chosen yea and things which are not to bring to nought things that are That no flesh should glory in his presence Finally Gods Love Prevails also tells the story of how God called and equipped me I experienced both the supernatural and human nature of God with compelling evidence
