scores of exciting personalities that in effect make The Civil War a multiple biography set against the crisis of an age Four years later Lincoln's second inaugural sets the seal invoking charity for all on the Eve of Five Forks and the Grant Lee race for Appomattox Here is the dust and stench of war a sort of Twilight of the Gods The epilogue is Lincoln in his grave and Davis in his postwar existence Lucifer in Starlight So ends a unique achievement already recognized as one of the finest histories ever fashioned by an American a narrative that re-creates on a vast and brilliant canvas the events and personalities of an American epic the Civil War *Catalog of Copyright Entries* Library of Congress. Winters, 2016-07-18 Vinyl Records and Analog Culture in the Digital Age Pressing Matters examines the resurgence of vinyl record technologies in the twenty first century and their place in the history of analog sound and the recording industry It seeks to answer the questions why has this supposedly outmoded format made a comeback in a digital culture into which it might appear to be unwelcome Why in an era of disembodied pleasures afforded to us in this age of cloud computing would listeners seek out this remnant of the late nineteenth century and bring it seemingly back from the grave Why do many listeners believe vinyl with its obvious drawbacks to be a superior format for conveying music to the relatively noiseless CD or digital file This book looks at the ways in which music technologies are both inflected by and inflect human interactions creating discourses practices disciplines and communities **Pioneers of "B" Television** Richard Irvin, 2022-11-02 As television grew more enticing for both viewers and filmmakers in the 1950s several independent film producers with knowledge of making low cost films and
