

BLACK HISTORY MONTH

Writing Prompts for Students

- Why do we celebrate black history month?
- Is it important to have black history month, or should it be considered part of American history?
- Why has it taken America so long to have an African American president?
- Is there still racism in America?
- The most inspirational story I've learned during black history month is...
- The importance of Martin Luther King, Jr.'s "I have a dream" speech is...
- Imagining life as a slave - how would you have felt?
- How did Harriet Beecher Stowe and Uncle Tom's Cabin work to combat slavery?
- Why did it take the civil rights act so long to be passed? (passed in 1964, outlawed discrimination of all kinds based on race, religion, etc.)
- Harriet Tubman's story is significant because...
- What are some of the most important cultural contributions of the Harlem renaissance? (ex: jazz, literature, etc.)
- Frederick Douglass is an influential figure in American history because...
- What would it have been like to be present for the emancipation proclamation speech?

Reclaiming the Black Past Pero Dagbovie,2018-11-13 In this information overloaded twenty first century it seems impossible to fully discern or explain how we know about the past But two things are certain Whether we are conscious of it or not we all think historically on a routine basis And our perceptions of history including African American history have not necessarily been shaped by professional historians In this wide reaching and timely book Pero Gaglo Dagbovie argues that public knowledge and understanding of black history including its historical icons has been shaped by institutions and individuals outside academic ivory towers Drawing on a range of compelling examples Dagbovie explores how in the twenty first century African American history is regarded depicted and juggled by diverse and contesting interpreters from museum curators to film makers entertainers politicians journalists and bloggers Underscoring the ubiquitous nature of African American history in contemporary American thought and culture each chapter unpacks how black history has been represented and remembered primarily during the Age of Obama the so called era of post racial American society *Reclaiming the Black Past The Use and Misuse of African American History in the 21st Century* is Dagbovie s contribution to expanding how we understand African American history during the new millennium *Celebrating the James Partridge Award* Diane L. Barlow,Paul T. Jaeger,2016-12-22 Winners of the James A Partridge Outstanding African American Information Professional Award examine issues of race inclusion diversity and justice Their insights are complimented by the writings of other scholars educators and practitioners who study teach about and experience issues of race in the field firsthand *A Ninety-Day Empowerment Journal for Young Women* Gwendolyn L. Cooke PhD,2015-07-08 This guide for girls and young women ages thirteen to twenty one tears down the negative images presented in various media of African American youth and young adults While its intended to be read with an adult mentor it can also be used by individuals who want to grow and develop on their own If youre a young female youll engage in fun activities including Listen to Stevie Wonders song Isnt She Lovely and then using the letters of lovely write a meaning for each letter to describe what is lovely about you Read the poems Mother to Son by Langston Hughes and Still I Rise by Maya Angelou and explain how encouragement is defined in each poem Read 10 Challenges That American Women Still Face Today on the Ms magazine website and list three challenges you face now or are likely to face in the future Youll also learn how journal writing can be an appropriate strategy for

problem solving when talking it out with a friend parent or other adult doesn't seem possible Change the way you look at yourself others and life with A Ninety Day Empowerment Journal for Young Women *Encyclopedia of Diversity in Education* James A. Banks, 2012-05-17 The diversity education literature both nationally and internationally is broad and diffuse Consequently there needs to be a systematic and logical way to organize and present the state of research for students and professionals American citizens need to understand the dynamics of their increasingly diverse communities and institutions and the global world in which we live work and lead With continually evolving information on diversity policies practices and programs it is important to have one place where students scholars teachers and policymakers can examine and explore research policy and practice issues and find answers to important questions about how diversity in U S education enriched with theories research and practices in other nations are explained and communicated and how they affect institutional change at both the K 12 and postsecondary levels With about 700 signed entries with cross references and recommended readings the Encyclopedia of Diversity in Education 4 volumes in both print and electronic formats will present research and statistics case studies and best practices policies and programs at pre and postsecondary levels Diversity is a worldwide phenomenon and while most of the entries in the Encyclopedia will focus on the United States diversity issues and developments in nations around the world including the United States are intricately connected Consequently to illuminate the many aspects of diversity this volume will contain entries from different nations in the world in order to illuminate the myriad aspects of diversity From A to Z this Encyclopedia will cover the full spectrum of diversity issues including race class gender religion language exceptionality and the global dimensions of diversity as they relate to education This four volume reference work will be the definitive reference for diversity issues in education in the United States and the world **Fight Like a Girl** Laura Barcella, 2019-08-01 Nearly every day there's another news story or pop cultural anecdote related to feminism and women's rights YesAllWomen conversations around consent equal pay access to contraception and a host of other issues are foremost topics of conversation in American and worldwide media right now Today's teens are encountering these issues from a different perspective than any generation has had before but what's often missing from the current discussion is an understanding of how we've gotten to this place Fight Like a Girl will familiarize readers with the history of feminist activism in an effort to celebrate those who paved the way and draw attention to those who are working hard to further the cause of women's rights Profiles of both famous and lesser known feminists will be featured alongside descriptions of how their actions affected the overall feminist cause and unique portraits artist's renderings of the feminists themselves This artistic addition will take the book beyond simply an informational text and make it a treasure of a book Building Intelligent Agents Gheorghe Tecuci, 1998-06-23 Building Intelligent Agents is unique in its comprehensive coverage of the subject The first part of the book presents an original theory for building intelligent agents and a methodology and tool that implement the theory The second part of the book presents complex and detailed case

studies of building different types of agents an educational assessment agent a statistical analysis assessment and support agent an engineering design assistant and a virtual military commander Also featured in this book is Disciple a toolkit for building interactive agents which function in much the same way as a human apprentice Disciple based agents can reason both with incomplete information but also with information that is potentially incorrect This approach in which the agent learns its behavior from its teacher integrates many machine learning and knowledge acquisition techniques taking advantage of their complementary strengths to compensate for each others weakness As a consequence it significantly reduces or even eliminates the involvement of a knowledge engineer in the process of building an intelligent agent

Democracy and Multicultural Education Farideh Salili,Rumjahn Hoosain,2010-04-01 Democratic political systems and the democratic way of life is aspired by most people around the world Democracy is considered to be morally superior to other forms of political systems as it aspires to secure civil liberties human rights social justice and equality before the law for everyone regardless of their gender culture religion and national origin Enshrined in democracy is separation of religion and state fair and competitive elections of leaders according to a country s constitution which in turn is based on democratic ideals Democracy aspires for people of different backgrounds to live together with their differences intact but all contributing towards a better life for all In today s increasingly pluralistic societies many people of different cultural and national backgrounds are brought together Many have migrated from countries with autocratic political systems Some with religions that require them to behave in different way others with cultures teaching them values of harmony collectivism and conformity as opposed to the culture of their host country emphasizing individualism and cherishing differences Hence in multicultural societies development of pluralistic democracy a democracy which includes respect for diversity is essential A truly multicultural education which is based on the assumption that different cultures will be equally represented in education goes a long way towards education for democratic citizenship Such an education would make students aware of issues of human rights and justice and encourage them to define their own values and ways in which they could contribute to a better world The aim of this volume is to provide a forum for discussion of how multiple social perspectives and personal values can be brought together on common grounds around matters related to democracy Contributions from research and scholarly theoretical work as well as presentation of existing creative models of democracy education will be included Authors from the major democracies will comment on the models and practice of multicultural education in their respective countries to facilitate discussion and learning from each others experiences
