

How to Update Kaspersky Antivirus Manually?

Updating our software programs has become a necessary task today. Most of our software do not work or make a trouble to other software if they are not updated regularly. The same is with the Kaspersky antivirus. The programs should also be kept updated because only they can protect us from the latest ongoing threats. Some get updated automatically as they are set to update automatically. But some need a manual update. If you do not know how to update your Kaspersky antivirus then just follow the steps given below:

- Open the start menu and go to the Kaspersky antivirus.
- Open the settings and then click on the update section.
- Click on the checkbox to Copy updates to the folder.
- Now open the folder which you created.
- Press the Apply now button and then click on OK.
- Browse the folder and then click on update.
- Now click on Run update.
- The update process will initiate.
