- a. Explain how you know you traced the perimeters of the shapes above.

I know I outlined the perimeter because I colored the boundary of each shape and the boundary of a shape is the perimeter.

- b. Explain how you could use a string to figure out which shape above has the greatest perimeter.

I can wrap a piece of string around each shape, mark where each string met. Then measure the length of each string to find the perimeter. Finally I can compare the measurements to see which one is greater.
