My Samoan Chief:

My Samoan Chief Fay Calkins, 2021-05-25 This is an engaging autobiographical account of a young American woman's life in her Samoan husband's native home. Fay Calkins, a descendant of Puritan settlers, met Vai Alailima, a descendant of Samoan chiefs, while working on her doctoral dissertation in the Library of Congress. After an unconventional courtship and a typical American wedding, they set out for Western Samoa, where Fay was to find a way of life totally new and charming if at times frustrating and confusing. Soon after her arrival in the islands, the bride of a few months found herself with a family of seven boys in a wide range of ages sent by relatives to live with the new couple. She was stymied by the economics of trying to support numerous guests, relatives, and a growing family, and still contribute to the lavish feasts that were given on any pretext. Feasts where the guests brought baskets in which to take home as much of the largesse as they could carry. Fay tried to introduce American institutions: a credit union, a co-op, a work schedule, and hourly wages on the banana plantation begun by her and her husband. In each instance, she quickly learned that Samoans were unwilling or unable to grasp her Western ideas of input equaling output of personal property or of payment received for work done. Despite these frustrations and disappointments, however, life among the people of her Samoan chief was for Fay happy and productive. *My Samoan Chief*

Fay G. Calkins, 1962 **My Samoan Chief** Fay Alailima, 199? *My Samoan Chief*, 1962 Margaret Mead Nancy C. Lutkehaus, 2018-06-26 Never doubt that a small group of thoughtful, committed citizens can change the world. Margaret Mead. This quotation found on posters and bumper stickers and adopted as the motto for hundreds of organizations worldwide speaks to the global influence and legacy of the American anthropologist Margaret Mead. 1901-78. In this insightful and revealing book, Nancy Lutkehaus explains how and why Mead became the best-known anthropologist and female public intellectual in twentieth-century America. Using photographs, films, television appearances, and materials from newspapers, magazines, and scholarly journals, Lutkehaus explores the ways in which Mead became an American cultural heroine. Identifying four key images associated with her: the New Woman, the Anthropologist, the Adventurer, the Scientist, and the Public Intellectual, Lutkehaus examines the various meanings that different segments of American society assigned to Mead throughout her lengthy career as a public figure. The author shows that Mead came to represent a new set of values and ideas about women, non-Western peoples, culture, and America's role in the twentieth century that have significantly transformed society and become generally accepted today. Lutkehaus also considers why there has been no other anthropologist since Mead to become as famous. Margaret Mead is an engaging look at how one woman's life and accomplishments resonated with the issues that shaped American society and changed her into a celebrity and cultural icon.

Honors Rendered Robert N. Macomber, 2013-09-15 January 1889 German and American naval forces are engaged in an escalating confrontation in Samoa in the South Pacific Warships are at battle stations Naval reinforcements from both nations are on the way The press in Berlin Hamburg Washington and San Francisco is calling for national honor to be defended At any minute open warfare may erupt All it will take is one spark President Grover Cleveland orders Commander Peter Wake Office of Naval Intelligence to clandestinely accomplish one of two things either somehow prevent all out war between Germany and America or win it decisively at the outset to prevent combat from spreading worldwide Coming up with an admittedly makeshift plan along the way Wake enlists the help of an unlikely trio he encounters in the Pacific a Hawaiian artillery officer a renegade Methodist minister and a beautiful widow Unfortunately for Wake and unbeknownst to him each of them has his or her own motives for heading to Samoa If he fails thousands across the world will die It is a dilemma right out of today's headlines When do you cross the line of civilized behavior to potentially save lives How do you live with the consequences Amidst this dilemma Wake decides to employ a repulsive tactic that results in horror for a member of his team something he will regret for the rest of his life The intrigue is as deadly as the action in this novel which culminates in one of the most significant events in Pacific and American naval history
