Transcend the Flesh Tobiasz Mazan, 2015-04-17 Do you want to live forever End all suffering Transcend bodily fluids and reach the stars Sure But you may pay for it with your soul *Making Sense of Nature* Noel Castree, 2013-08-15 We listen to a cacophony of voices instructing us how to think and feel about nature including our own bodies The news media wildlife documentaries science magazines and environmental NGOs are among those clamouring for our attention But are we empowered by all this knowledge or is our dependence on various communities allowing our thoughts sentiments and activities to be unduly governed by others Making Sense of Nature shows that what we call nature is made sense of for us in ways that make it central to social order social change and social dissent By utilising insights and extended examples from anthropology cultural studies human geography philosophy politics sociology science studies this interdisciplinary text asks whether we can better make sense of nature for ourselves and thus participate more meaningfully in momentous decisions about the future of life human and non human on the planet This book shows how nature can be made sense of without presuming its naturalness The challenge is not so much to rid ourselves of the idea of nature and its collateral concepts such as genes but instead we need to be more alert to how why and with what effects ideas about nature get fashioned and deployed in specific situations Among other things the book deals with science and scientists the mass media and journalists ecotourism literature and cinema environmentalists advertising and big business This innovative text contains numerous case studies and examples from daily life to put theory and subject matter into context as well as study tasks a glossary and suggested further reading The case studies cover a range of topics range from forestry in Canada and Guinea to bestiality in Washington State to how human genetics is reported in Western newspapers to participatory science experiments in the UK Making Sense of Nature will empower readers from a wide range of fields across the social sciences humanities and physical sciences **The cultural politics of contemporary Hollywood film** Chris Beasley, Heather Brook, 2019-01-21 Adopting and developing a cultural politics approach this comprehensive study explores how Hollywood movies generate and reflect political myths about social and personal life that profoundly influence how we understand power relations Instead of looking at genre it employs three broad categories of film Security films present ideas concerning public order and disorder citizen state relations and the politics of fear Relationalities films highlight personal and intimate politics bringing norms about identities gender and sexuality into focus In socially critical films particular issues and ideas are endowed with more overtly political significance The book considers these categories as global political technologies implicated in hegemonic and soft power relations whose reach is both deep and broad Lights in the Darkness Phillip M. Thompson, 2017-07-21 Americans currently spend on average more than ten hours a day in front of a screen Some of that time can now be a source of profound ethical reflections and spiritual insights thanks to this refreshing book The primary goal of Lights in the Darkness is to explore the themes of grace redemption pilgrimage conscience justice faith and reason the common good sacramentality and

wisdom in twelve award winning films In addition to unpacking these themes each chapter provides background information on the relevant historical moment and explores the development of the film Questions at the end of each chapter helps to connect the themes in each film to the lives of the reader Film is a powerful and unique artistic medium and now you have a resource to connect its wonders to your faith by reading this book and watching these films *How to Be a Christian in a Brave New World* Joni Eareckson Tada, Nigel M. de S. Cameron, 2009-05-26 Stem cell research Cloning Genetic engineering Today discoveries in biotechnology are occurring so rapidly that we can barely begin to address one ethical debate before another looms overhead This brave new world we've entered is a daunting one as well with disturbing implications for the sanctity of life and for human nature itself How should we respond as Christians Drawing on an abundance of cutting edge information and life experience Joni Eareckson Tada and Nigel M de S Cameron help you think through issues no Christian can afford to ignore As a quadriplegic who has spent three decades advocating for the disability community out of a wheelchair Joni offers the insights of a woman intimately acquainted with suffering and struggle Dr Cameron shares from his vast knowledge as one of today's foremost bioethics Together they offer deeply informed perspectives on such pressing issues as Human cloning Designer babies Redefining human nature Human harvesting Here is thoughtful passionate and gripping reading about the world that is coming that indeed is already here and how to live out your faith with conviction in its midst *Technology Roadmapping and Development* Olivier L. De Weck, 2022-06-21 This textbook explains Technology Roadmapping in both its development and practice and illustrates the underlying theory of and empirical evidence for technologic evolution over time afforded by this strategy The book contains a rich set of examples and practical exercises from a wide array of domains in applied science and engineering such as transportation energy communications and medicine Professor de Weck gives a complete review of the principles methods and tools of technology management for organizations and technologically enabled systems including technology scouting roadmapping strategic planning R Elucidates the ATRA framework through analysis which was validated on an actual 1 billion R Reinforces concepts with in depth case studies practical exercises examples and thought experiments interwoven throughout the text Maximizes reader competence on how to explicitly link strategy finance and technology The book follows and supports the MIT Professional Education Courses Management of Technology Roadmapping Development <https://professional.mit.edu/course/catalog/management-technology-roadmapping-development> and Management of Technology Strategy Portfolio Analysis <https://professional.mit.edu/course/catalog/management-technology-strategy-portfolio-analysis> *SimNet MIS Triad* Interactive, Triad Interactive Staff, 2002-12 SimNet MIS is a new computer based tutorial program for the Management Information Systems course MIS It is based on McGraw Hill's award winning SimNet Xpert but has had 14 new features developed expressly for the MIS course SimNet MIS is designed to work perfectly alongside any McGraw Hill MIS textbook When this valuable tool is used in conjunction with a MIS textbook students benefit by having a learning device that allows
