**America Ascendant** Stanley B. Greenberg, 2015-11-03 Renowned pollster who was key advisor to President Clinton Stanley Greenberg reveals how America will be ascendant and how new Democratic presidents can lead a new era of bold reform **Children, Young People and Critical Geopolitics** Matthew C. Benwell, Peter Hopkins, 2017-05-15 Young people and in particular children have typically been marginalised in geopolitical research positioned as too young to understand or relate to the adult dominated world of international relations Integrating current debates in critical geopolitics and political geography with research in children's geographies childhood studies and youth research this book sets out an agenda for the field of children's and young people's critical geopolitics It considers diverse practices such as play activism media consumption and diplomacy to show how children's and young people's lives relate to wider regional and global geopolitical processes Engaging with contemporary concepts in human geography including ludic geopolitics affect emotional geographies intergenerationality creative diplomacy popular geopolitics and citizenship the authors draw on geopolitical research with children and young people from Europe Asia Australasia Africa and the Americas The chapters highlight the ways in which young people can be enrolled ignored dismissed empowered and represented by the state for geopolitical ends Notwithstanding this state power the research presented also shows how young people have agency and make decisions about their lives which are influenced by wider geopolitical processes The focus on the lives of children and young people

problematizes and extends what it is we think of when considering the geopolitical which enriches as well as advances critical geopolitical enquiry and deserves to be taken seriously by political geographies more broadly Sociocultural Perspectives on Youth Ethical Consumerism Giuliano Reis, Michael Mueller, Rachel Gisewhite, Luiz Siveres, Renato Brito, 2017-11-07 This exciting new book advances current practice based and theoretical knowledge around how youth defines and engages with consumerism to provoke a larger conversation within science and environmental education It is also geared towards unveiling those literacy praxes that can assist youth to adopt more ethically oriented consumerist habits More specifically this book studies how youth's participation in the global consumer market intersects with media technologies new literacies as well as science and the environment from sociocultural perspectives In addition it considers how school science has mediated youth participation in hyper consumerism from food and technology to shelter and transportation This important and timely book is a must read for those interested in topics such as critical youth studies critical media literacy STEM arts based research STSE education citizenship education cultural studies policy studies curriculum studies socio scientific issues technology sustainability food studies social justice poverty and consumer behaviour A wide range of science technology and environmental educators from Australia Brazil Canada Netherlands and the United States have combined their perspectives to produce this exciting innovative timely and important book It should be essential reading for all teachers teacher educators and curriculum developers keen to address key issues raised by a commitment to assist students in refining their understanding of what constitutes socially culturally ethically and politically responsible consumer practices and supporting them in formulating and engaging in effective individual and collective action Derek Hodson Emeritus Professor of Science Education Ontario Institute for Studies in Education OISE University of Toronto Professor of Science Education at The University of Auckland New Zealand and Founding Editor of the Canadian Journal of Science Mathematics and Technology Education CJSMT The authors in the book deconstruct and analyse intricate economic sociopolitical and affective networks that are behind the cycles of production distribution and consumption of objects that are present in youngsters daily lives and their attitudes towards them Apart from breaking new ground by proposing and discussing socioculturally informed research about the topic the book connects with pedagogical approaches that value critical perspectives on the nature of the relationship between science technology society and environment It is a must read for both researchers and practitioners interested in issues related to sustainability and citizenship education Isabel Martins Professor of Science Education Universidade Federal do Rio de Janeiro Federal University of Rio de Janeiro UFRJ

*The Power of Geographical Thinking* Clare Brooks, Graham Butt, Mary Fargher, 2017-03-02 In this book geography educators from around the globe discuss their research into the power of geographical thinking and consider successful strategies to implement improve and advance geography education in research and practice It addresses key topics in geography education such as multicultural competence the role of teachers the geography curriculum spatial thinking

geographic information systems geocapabilities and climate change At a global level the contributors and editors bring together the most advanced collection of research and discussion surrounding issues in geography education The book will be of interest to geography education researchers worldwide including academics at university and teachers in schools as well as professional geographers with an interest in education *A University Education* David Willetts,2017-11-24

Universities have a crucial role in the modern world In England entrance to universities is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of the book This important book first investigates the university as an institution and then tracks the individual on their journey to and through university In *A University Education* David Willetts presents a compelling case for the ongoing importance of the university both as one of the great institutions of modern society and as a transformational experience for the individual The book also makes illuminating comparisons with higher education in other countries especially the US and Germany Drawing on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework

New Russian Nationalism Kolsto Pal Kolsto,2016-03-24 Russian nationalism previously dominated by imperial tendencies pride in a large strong and multi ethnic state able to project its influence abroad is increasingly focused on ethnic issues In 2014 Russia s annexation of Crimea and the subsequent violent conflict in Eastern Ukraine utterly transformed the nationalist discourse in Russia This book provides an up to date survey of Russian nationalism as a political social and intellectual phenomenon by leading Western and Russian experts in the field of nationalism studies It includes case studies on migrantophobia the relationship between nationalism and religion nationalism in the media nationalism and national identity in economic policy nationalism in the strategy of the Putin regime as well as a survey based study of nationalism in public opinion *Treasures from the Oxus* Massimo Vidale,2017-06-21 In history this grand arterial 1500 mile waterway was always seen as the natural frontier between the northern provinces of the Iranian empires and the outer Turanian lands It was for centuries central to Achaemenid and later Persian power But as the author shows it has a prehistory which goes very much further back and a succession of skilled yet still elusive Bronze Age cultures flourished here well before the rise of Cyrus the Great in the 6th century BCE This richly illustrated book explores the fascinating history art and archaeology of the region including its primal trade in silk and foodstuffs the mineral wealth of the Oxus basin its exotic myths and beliefs and the converging tribes and peoples which led to a new stability economic growth and urbanism The volume contains 150 full

colour photographs of notable artefacts including silver decorated vessels inlaid stone pots agate beads and 25 Bactrian Princesses remarkable statuettes made in chlorite and limestone Most of these rare objects have never been seen let alone published before      Crowdasset: Crowdfunding For Policymakers Oliver Gajda,Dan Marom,Timothy Wright,2020-06-03 Crowdfunding is already transforming the way many entrepreneurs and enterprises around the globe think about community engagement and fundraising for various causes This book puts forth the belief that policymakers public servants and various governments municipalities and regions can significantly benefit from crowdfunding through employing crowd related mechanisms within their frameworks and using their crowd as an asset a crowdasset Using real world examples this book explores the opportunities presented by crowdfunding and crowdfunded innovation and how major policymakers are already using crowdfunding and crowd mechanisms to accelerate innovation engagement and community transformation A guide for those involved in crowdfunding CrowdAsset brings readers through the journey of maximising crowd impact      **Reading Kant's Lectures** Robert R. Clewis,2015-09-14 This important collection of more than twenty original essays by prominent Kant scholars covers the multiple aspects of Kant s teaching in relation to his published works With the Academy edition s continuing publication of Kant s lectures the role of his lecturing activity has been drawing more and more deserved attention Several of Kant s lectures on metaphysics logic ethics anthropology theology and pedagogy have been translated into English and important studies have appeared in many languages But why study the lectures When they are read in light of Kant s published writings the lectures offer a new perspective of Kant s philosophical development clarify points in the published texts consider topics there unexamined and depict the intellectual background in richer detail And the lectures are often more accessible to readers than the published works This book discusses all areas of Kant s lecturing activity Some essays even analyze in detail the content of Kant s courses and the role of textbooks written by key authors such as Baumgarten helping us understand Kant s thought in its intellectual and historical contexts Contributors Huaping Lu Adler Henny Blomme Robert Clewis Alix Cohen Corey Dyck Faustino Fabbianelli Norbert Fischer Courtney Fugate Paul Guyer Robert Loudon Antonio Moretto Steve Naragon Christian Onof Stephen Palmquist Riccardo Pozzo Frederick Rauscher Dennis Schulting Oliver Sensen Susan Shell Werner Stark John Zammito G nter Z ller      **The Rise of the African Novel** Mukoma Wa Ngugi,2018-03-27 Engaging questions of language identity and reception to restore South African and diaspora writing to the African literary tradition      Public Water Policies Charles R. Porter Jr.,2018-08-31 Although water is nature s most important molecule its regulation and management are among the most challenging public policy issues for any society Water is the common denominator of all life on earth Public water policies then become the fundamental foundations of community formation anywhere Cities exist in their places based on the local access to adequate amounts of fresh water Without fair workable and transparent public water policy any society is threatened with socio economic destruction especially in the arid areas living under severe drought and the threat of warming trends worldwide Public Water Policies

The Ultimate Weapons of Social Control Provides an interdisciplinary view of water policies worldwide Critically analyzes the consequences of water policies around the world many that are not only overlooked but that have never been considered Analyzes the conflicts in social values of any society that demand hard choices between population growth economic growth and the environment Provides a new perspective on the overall long reaching economic consequences of water policy Offers four new terms to describe public water policies in relation to social control due process social control deceptive social control diplomatic social control and destructive social control Compares and contrasts water policies in key places in the world using the new terms of social control to enlighten the public and especially those water policymakers worldwide

**Researching National Security Intelligence** Stephen Coulthart, Michael Landon-Murray, Damien Van Puyvelde, 2019-11-01 Researchers in the rapidly growing field of intelligence studies face unique and difficult challenges ranging from finding and accessing data on secret activities to sorting through the politics of intelligence successes and failures to making sense of complex socio organizational or psychological phenomena The contributing authors to Researching National Security Intelligence survey the state of the field and demonstrate how incorporating multiple disciplines helps to generate high quality policy relevant research Following this approach the volume provides a conceptual empirical and methodological toolkit for scholars and students informed by many disciplines history political science public administration psychology communications and journalism This collection of essays written by an international group of scholars and practitioners propels intelligence studies forward by demonstrating its growing depth by suggesting new pathways to the creation of knowledge and by identifying how scholarship can enhance practice and accountability

Dissonant Archives Anthony Downey, 2015-07-16 The archive is often viewed as a collection of historical documents that records and orders information about people places and events This view nevertheless obscures a crucial point the archive whilst subject to the vagaries of time and history can also determine the future This point has gained urgency in modern day North Africa and the Middle East where the archive has come to the fore as a site of social historical theoretical and political contestation Dissonant Archives is the first book to consider the ways in which contemporary artists from the Middle East and North Africa including Emily Jacir Walid Raad Jananne Al Ani Basel Abbas and Ruanne Abou Rahme Mariam Ghani Zineb Sedira and Akram Zaatari are utilizing and disrupting the function of the archive and in so doing highlighting a systemic perhaps irrevocable crisis in institutional and state ordained archiving across the region In exploring and producing archives be they alternative interrogative or fictional these artists are not simply questioning the authenticity authority or authorship of the archive rather they are unlocking its regenerative radical potential The result provides essential insights into the nexus between art and politics in the contemporary Middle East

## The Enigmatic Realm of **Geography Question Paper June 2014**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Geography Question Paper June 2014** a literary masterpiece penned with a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of those that partake in its reading experience.
