

№ 2003-02 та № 2003-01 - Класифікація Промислових Експонатів

Відповідно до вимог Закону України «Про музейну справу» (№ 2003-01) та Закону України «Про музеї та музейну справу» (№ 2003-02) Міністерство культури України розробило Класифікацію Промислових Експонатів, яка є основою для формування колекційних фондів музеїв та організації їх виставкового представлення. Класифікація Промислових Експонатів складається з двох частин: загальної та спеціальної. Загальна частина класифікації визначає загальні принципи та вимоги до класифікації промислових експонатів, а спеціальна частина визначає конкретні класифікаційні критерії та вимоги до експонатів, які належать до різних галузей промисловості.

Класифікація Промислових Експонатів є важливою складовою частиною музейної справи та має велике значення для збереження та вивчення промислової спадщини. Вона допомагає музеям систематизувати свої колекції, а також надає їм можливість ефективно представляти промислові експонати на виставках та в музеях. Крім того, класифікація Промислових Експонатів є основою для формування музейних фондів та організації їх виставкового представлення. Вона допомагає музеям визначити, які експонати належать до різних галузей промисловості, а також визначити, які експонати є найбільш цінними та потребують спеціального збереження та вивчення.

Промисловий експонат - парова машина
