

Karl Barth And The Future Of Evangelical Theology

Donald G. Bloesch

Karl Barth And The Future Of Evangelical Theology:

Karl Barth and the Future of Evangelical Theology Christian T. Collins Winn, John L. Drury, 2014-11-17 The theology of Karl Barth has been a productive dialogue partner for evangelical theology For too long however the dialogue has been dominated by questions of orthodoxy The present volume seeks to contribute to the conversation through a creative reconfiguration of both partners in the conversation neither of whom can be rightly understood as preservers of Protestant Orthodoxy Rather American evangelicalism is identified with the revivalist forms of Protestantism that arose in the post Reformation era while Barth is revisited as a theologian attuned both to divine and human agency In the ensuing conversation questions of orthodoxy are not eliminated but subordinated to a concern for the life of God and God's people This volume brings together seasoned Barth scholars evangelical theologians and some younger voices united by a common desire to rethink both Karl Barth and evangelical theology By offering an alternative to the dominant constraints the book opens up new avenues for fruitful conversation on Barth and the future of evangelical theology Karl Barth and the Future of Evangelical Theology Christian T Collins Winn, John L Drury, 2017-09-28 The theology of Karl Barth has often been a productive dialogue partner for evangelical theology but for too long the dialogue has been dominated by questions of orthodoxy Karl Barth and the Future of Evangelical Theology contributes to the conversation through a creative reconfiguration of both partners in the conversation neither of whom can be rightly understood as preservers of Protestant orthodoxy Rather American evangelicalism is identified with the revivalist forms of Protestantism that arose in the post Reformation era while Barth is revisited as a theologian attuned both to divine and human agency In the ensuing conversation questions of orthodoxy are not eliminated but subordinated to a concern for the life of God and God's people By offering an alternative to the dominant constraints this book opens up new avenues for fruitful conversation on Barth and the future of evangelical theology After Fundamentalism Bernard Lawrence Ramm, 1983 The Enlightenment of the eighteenth century brought into existence modern learning and modern attitudes at the same time it created the most serious challenge to Christianity since the early days of the Church Liberal Christianity was created to formulate a way of living with the aftermath of the Enlightenment but made the fateful mistake of surrendering the substance of Christianity as historically understood At the same time orthodoxy evangelicalism and fundamentalism have struggled to respond properly to the Enlightenment Now Bernard Ramm's groundbreaking After Fundamentalism offers a way of doing theology using Karl Barth s methodology as a model that allows a Christian to both be a child of the Enlightenment and maintain the historic substance of Christianity After Fundamentalism reconciles the great gains of the Enlightenment with authentic Christianity to show how a Christian can without compromising his or her beliefs live fully as a modern person in the modern world

For the Sake of the World George Hunsinger,2004-05-11 George Hunsinger is Hazel Thompson McCord Professor of Systematic Theology at Princeton Theological Seminary founder of the National Religious Campaign Against Torture and

recipient of the 2010 Karl Barth Award from the Union of Evangelical Churches in Germany Among his other recent books are The Eucharist and Ecumenism Let Us Keep the Feast and Torture Is a Moral Issue Christians Jews Muslims and People of Karl Barth and American Evangelicalism Bruce L. McCormack, Clifford B. Anderson, 2011-08-17 Conscience Speak Out Papers presented at a conference held June 22 24 2007 in Princeton N J Jesus is Victor! Donald G. Bloesch, 2001-08-20 Karl Barth's theology is both challenging and disconcerting to those who stand in the tradition of Protestant evangelicalism Yet his theological method presents a solid alternative to both rationalism and mysticism that dominate much current theology With striking clarity Dr Bloesch analyzes Barth s theology with special emphasis on his doctrine of salvation Barth holds that everything that is of any consequence in the religious dimension of human life has already been accomplished in Christ Johann Christoph Blumhardt characterized this theme by the phrase Jesus Is Victor In Christ Jesus the victory over the powers of darkness was forever secured and the whole world is now claimed for his kingdom In this theology there is no final rejection of humanity by God no irrevocable condemnation Analyzing this controversial stance Dr Bloesch raises questions and takes issue at many points not as a hostile critic but as a student debating with a master teacher The result is a significant evaluation of one of the theological giants of the twentieth century at the point of his major doctrine The Oxford Handbook of Karl Barth Paul Dafydd Jones, Paul T. Nimmo, 2019-12-17 Karl Barth 1886 1968 is generally acknowledged to be the most important European Protestant theologian of the twentieth century a figure whose importance for Christian thought compares with that of Augustine Thomas Aguinas John Calvin Martin Luther and Friedrich Schleiermacher Author of the Epistle to the Romans the multi volume Church Dogmatics and a wide range of other works theological exegetical historical political pastoral and homiletic Barth has had significant and perduring influence on the contemporary study of theology and on the life of contemporary churches In the last few decades his work has been at the centre of some of the most important interpretative critical and constructive developments in in the fields of Christian theology philosophy of religion and religious studies The Oxford Handbook of Karl Barth is the most expansive guide to Barth s work published to date Comprising over forty original chapters each of which is written by an expert in the field the Handbook provides rich analysis of Barth's life and context advances penetrating interpretations of the key elements of his thought and opens and charts new paths for critical and constructive reflection In the process it seeks to illuminate the complex and challenging world of Barth's theology to engage with it from multiple perspectives and to communicate something of the joyful nature of theology as Barth conceived it It will serve as an indispensable resource for undergraduates postgraduates academics and general readers for years to come Markus Barth Mark R. Lindsay, 2024-12-03 Though he has remained in the shadow of his famous father Markus Barth was a groundbreaking thinker in his own right Drawing from an extensive collection of Markus Barth's letters and papers Mark Lindsay puts Barth's story and thought into historical context exploring his early life pastoral work scholarship and enduring legacy The Barthian Revolt in Modern Theology

Gary J. Dorrien, 2000-01-01 In this history of the rise development and near demise of Karl Barth's theology Gary Dorrien carefully analyzes the making of the Barthian revolution and the reasons behind its simultaneously dominating and marginal character He discusses Barth's relationship to his predecessors and contemporaries as well as to modern theologians and argues that his approach to theology was deeply indebted to his liberal past Social Democracy in the Making Gary Dorrien, 2019-04-23 An expansive and ambitious intellectual history of democratic socialism from one of the world's leading intellectual historians and social ethicists The fallout from twenty years of neoliberal economic globalism has sparked a surge of interest in the old idea of democratic socialism a democracy in which the people control the economy and government no group dominates any other and every citizen is free equal and included With a focus on the intertwined legacies of Christian socialism and Social Democratic politics in Britain and Germany this book traces the story of democratic socialism from its birth in the nineteenth century through the mid 1960s Examining the tenets on which the movement was founded and how it adapted to different cultural religious and economic contexts from its beginnings through the social and political traumas of the twentieth century Gary Dorrien reminds us that Christian socialism paved the way for all liberation theologies that make the struggles of oppressed peoples the subject of redemption He argues for a decentralized economic democracy and anti imperial internationalism Carl Henry--Theologian for All Seasons G. Wright Doyle, 2010-04-01 Carl F H Henry has been called the Dean of evangelical theologians and the premier theological representative of the evangelical movement in the last half of the twentieth century When his magnum opus God Revelation and Authority first appeared it was hailed as the most important work of evangelical theology in modern times Carl Henry Theologian for All Seasons not only introduces contemporary readers to Carl Henry the man but also demonstrates that his theology possesses striking relevance for our own situation We are introduced to his place in the complex mosaic of twentieth century theology his simple but sophisticated doctrine of revelation and his value for current discussions of a wide variety of issues Henry's reflections on hermeneutics philosophy and faith the nature of revelation and of God the social implications of Christianity and many other vital topics turn out to be as pertinent now as when they were written Not everyone agrees with Carl Henry's approach of course so this book features an extensive dialogue between Henry and his critics making the case that his thought has been incorrectly described as outmoded and that he offers clear guidance for twenty first century thinkers To make the wealth of material on the many topics in God Revelation and Authority more accessible the book includes a theological index a macro index and detailed outline of the entire six volumes Scripture in the Theologies of W. Pannenberg and D.G. Bloesch Frank M. Hasel, 2004-03-01 Scripture has always played an important role in Christian theology This study provides an issue oriented overview of the concepts of Scripture in Protestant theology from the 16th century Reformation onward It then sets forth the concepts of Scripture in the theologies of two contemporary systematic theologians W Pannenberg and D G Bloesch It analyzes compares and evaluates the theological and anthropological presuppositions that have influenced their concept of

Scripture Despite fundamentally different starting points and other significant distinctions Pannenberg and Bloesch reveal surprising similarities This seems to suggest that for both the concept of Scripture is determined ultimately by presuppositions that are derived and shaped extra scripturam **Towards Baptist Catholicity** Steven R. Harmon, 2006-08-01 Towards Baptist Catholicity Essays on Tradition and the Baptist Vision contends that the reconstruction of the Baptist vision in the wake of modernity s dissolution requires a retrieval of the ancient ecumenical tradition that forms Christian identity through liturgical rehearsal and ecclesial practice Themes explored include catholic identity as an emerging trend in Baptist theology tradition as a theological category in Baptist perspective the relationship between Baptist confessions of faith and the patristic tradition the importance of Trinitarian catholicity for Baptist faith and practice catholicity in biblical interpretation Karl Barth as a paradigm for a Baptist and evangelical retrieval of the patristic theological tradition worship as a principal bearer of tradition and the role of Baptist higher education in shaping the Christian vision This book submits that the proposed movement towards catholicity is neither a betrayal of cherished Baptist principles nor the introduction of alien elements into the Baptist tradition Rather the envisioned retrieval of catholicity in the liturgy theology and catechesis of Baptist churches is rooted in a recovery of the surprisingly catholic ecclesial outlook of the earliest Baptists an outlook that has become obscured by more recent modern reinterpretations of the Baptist vision and that provides Baptist precedent of a more intentional movement towards Baptist catholicity today Experience, Culture and Religion in Systematic Theology Edmond Zi-Kang Chua, 2023-01-01 Most systematicians take as their starting point the nature of God and scripture as the means by which God s nature is revealed but what would a systematic theology look like that began with an experiential knowledge of God Here Edmond Chua offers a method for just such an approach Beginning with realms of human experience including psychology cultural diversity and religious plurality he builds the framework of a systematic theology that is inclusive and pluriform while retaining the core tenets of a Christian doctrine of God Notwithstanding his novel methodology Chua's argument remains biblically rooted and appreciative of the Christian tradition In the latter half of the book he returns to the classical doctrines of the Trinity Christology evil sin and salvation allowing his inclusive view of the human religious experience to shed new light on the wisdom bequeathed by Paul Augustine Aquinas Luther Barth and others The result is a bold Christian vision that is culturally engaged and globally applicable of interest to systematic theologians while contributing to interreligious dialogue **Kantian Reason and Hegelian Spirit** Gary Dorrien, 2015-03-16 Winner 2012 The American Publishers Award for Professional and Scholarly Excellence in Theology and Religious Studies PROSE Award In this thought provoking new work the world renowned theologian Gary Dorrien reveals how Kantian and post Kantian idealism were instrumental in the foundation and development of modern Christian theology Presents a radical rethinking of the roots of modern theology Reveals how Kantian and post Kantian idealism were instrumental in the foundation and development of modern Christian theology Shows how it took Kant's writings on ethics

and religion to launch a fully modern departure in religious thought Dissects Kant's three critiques of reason and his moral conception of religion Analyzes alternative arguments offered by Schleiermacher Schelling Hegel and others moving historically and chronologically through key figures in European philosophy and theology Presents notoriously difficult and intellectual arguments in a lucid and accessible manner **Echoes of Coinherence** W. Ross Hastings, 2017-07-28 This book re imagines the universe and the scientific study of it through the lens of a triune Creator three persons of irreducible identity in a perichoretic or coinherent communion It modestly proposes that Trinitarian theology and especially the coinherent natures of the Son in the incarnation provides the metaphysic or theory of everything that manifests itself in the subject matter of science The presence of the image of the triune God in humanity and of traces of this God in the non human creation are discussed highlighting ontological resonances between God and creation resonances between the being of God and his creation such as goodness immensity yet particularity intelligibility agency relationality and beauty This Trinitarian reality suggests there should be a similarity also with respect to how we know in theology and science critical realism something reflected in the history of ideas in each These resonances lead to the conclusion that the disciplines of theology and science are in fact coinherent not conflicted This involves recognition of both the mutuality of these vocations and also importantly their particularity Science its own distinct guild yet finds its place ensconced within an encyclopedic theology and subject to first order credal theology Communion with the Triune God Dick O. Eugenio, 2014-03-03 The revival of Trinitarian studies in the twentieth century ushered in a new era of theological innovation. The renewed and dedicated articulation of the Trinity as a doctrine in its own right is indeed noteworthy but more important and praiseworthy are the recent endeavors of theologians in integrating the doctrine of the Trinity with other Christian doctrines and with the many variegated aspects of the life and ministries of the church Today it is common to encounter the term Trinitarian being used as a modifier Trinitarian worship Trinitarian ecclesiology etc This book presents Thomas F Torrance as a participant theologian in this integrative paradigm Because Torrance argues that the Trinity is the ground and grammar of theology his doctrine of salvation is consistently Trinitarian But how did he formulate his unique Trinitarian soteriology This book attempts to spell Karl Barth in North America John Peter Lewis, 2009-04-01 This study looks at the formation of theology as it this out emerges out of biography Indeed the biography of the theologian is the key to unlocking the meaning of his or her writings and a valuable tool for a thorough investigation of their work There will be a focus on the biography of Karl Barth and how this relates to his theological writings Attention will then be turned on a group of North American theologians to analyze how Barth s theology has influenced their personal experiences and corresponding theologies. The personal experience of the theologian provides the background to the theological judgments she or he makes and therefore provides valuable insight into what she or he has written Experiences in the theologian s life determine how she or he forms and communicates the ideas that the experiences have given rise to Indeed theologians profoundly connect with readers as they write theology as

an expression of their experiences of faith Therefore this book contends that there is a necessary connection to be made between the theologian as a person and the theology that emerges out of her or his unique biography Indeed it will be argued that theology is born out of the lived encounters of the theologian that develop into the kind of personal convictions passions concerns questions and a motivation to connect with others that is evident in her or his writing Consequently theology and theologian are inseparable Getting Real Gary Tyra, 2018-02-08 Some reputable sociological research indicates that a surprising number of evangelical churchgoers are living out a version of the Christian life that s more informed by the values of the surrounding culture than by the discipleship teachings of Jesus and his apostles Viewing the cause of this disturbing trend in the church to be a discipleship deficit that s exacerbated by a pneumatological deficit Gary Tyra has written a book that addresses both In this work Tyra encourages evangelical Christians of all stripes to become more fully aware of the tremendous difference it makes when the Holy Spirit is experienced in ways that are real and existentially impactful rather than merely theoretical conceptual and or ritualistic Intended to be read by church leaders as well as by students in Christian colleges and seminaries the message here is that the cure for the ministry malady currently confronting us is the recovery of a robust fully Trinitarian doctrine of the Spirit A pneumatological realism says Tyra combined with an understanding of just how important a spiritual moral and missional faithfulness is to a genuine Christian discipleship can revitalize the lives of individual Christians and churches making it possible for them to reach their post Christian peers for Christ Against Religion Tom Greggs, 2011-12-29 A constructive approach from a theological perspective about the category of religion in Dietrich Bonhoeffer and Karl Barth
