The Case for a Carbon Tax Shi-Ling Hsu, 2012-06-22 There's a simple straightforward way to cut carbon emissions and prevent the most disastrous effects of climate change and we're rejecting it because of irrational political fears That's the central argument of *The Case for a Carbon Tax* a clear eyed sophisticated analysis of climate change

policy Shi Ling Hsu examines the four major approaches to curbing CO2 cap and trade command and control regulation government subsidies of alternative energy and carbon taxes Weighing the economic social administrative and political merits of each he demonstrates why a tax is currently the most effective policy Hsu does not claim that a tax is the perfect or only solution but that unlike the alternatives it can be implemented immediately and paired effectively with other approaches In fact the only real barrier is psychological While politicians can present subsidies and cap and trade as win win solutions the costs of a tax are immediately apparent Hsu deftly explores the social and political factors that prevent us from embracing this commonsense approach And he shows why we must get past our hang ups if we are to avert a global crisis

Anatomy of a Model Student Dr.Tyrone Bennett,2015-09-24 The attempts of fixing our nations school system since 1964 have not been a walk in the park Several legislations and laws have been reformed to improve ways to implement the improvement plans in our school system Looking back at the anatomy of our education system in the last fifty years brings up very few solutions as to what direction is righteously affordable for the next generation Whether you talk about equality of education or legislation for the common standards for K12 what really matters is how well our next generation of youth is ready for the twenty first century workforce and or college pathways This book was written on behalf of students teachers and parents who lack the understanding guidance stability and hope in the twenty first century educational system This is a system of turmoil We have seen changes over the last fifty years yet millions of students from elementary to freshmen year in college are suffering academically Many are failing and few are making the grade Our nation ranks below the top 20 worldwide in math and science and we are not moving fast enough to change it It is very important to note that students of all ages can benefit from this book to improve their education and get the much needed support academically through counseling and mentoring Parents and students need advisement Students need to know what tools are available to succeed in their academic affairs and parents need to know if those tools are adequate Education is the key for success and perseverance unlocks the door This book opens the door to a rewarding career and best decision making for a prosperous future and allows students to grasp a better understanding of what it means to be educated This book gives the essence of where we were and where we are headed Many students dont know how to study and lack the understanding of why reading is important Millions of students come to school with raw minds and starving brains This book looks at the mind of a teenager and the brain In this book youll learn about proper nutrition that will enhance the mind and spark the thinking cells As you read this guide you will learn more and more answers to readiness for the twenty first century workplace and the needed skills to succeed Anatomy of a Model Student dares to speak out on whats wrong with todays youth and behavior issues that hinder learning This book is the bible of educational fitness for parents and educators alike It will empower encourage and mesmerize its readers so please read it to be wise practice it to be educated
