Writing: Step by Step Randy Devillez, 2003-05-30 What are your students' goals?

Jensen's Format Writing Frode Jensen, 2016-10-04 Jensen's Format Writing is concerned with developing expository writing skills for high school students. This type of writing exposes, puts forth, explains, reveals, or exhibits in detail about something. It has a purpose to inform, clarify, and perhaps even to persuade. Such writing may simply describe, or it may give a series of reasons. In any case, there is a fundamental point that is made. How that point is made may often determine whether the piece is accepted or rejected. Students completing this course will learn valuable skills: the secret of cutting your work in half when it comes to writing a paper; how to order your presentation for its most powerful effect on the reader; a technique for getting the essence of what you read down on paper for future reference; how to stack up your ideas so that they flow together in a natural fashion; how to move ideas from sentence to sentence by following a simple rule; all about what and how to document your sources when doing research and writing.

The "I Hate to Write" Guide to College Level Essays Beth Daniels, 2017-12-29 THE I HATE TO WRITE GUIDE TO COLLEGE LEVEL ESSAYS 4 IN 1 does not replace the required text books in English Composition courses, but it does explain how to write an essay at this level without using academic words like thesis. I never

understood what that meant when I was an undergraduate so I don't expect everyone to know what it means but I do explain what it is in regular language The four volumes grouped together here have appeared in e-book form but never as a print copy It was probably past time to offer another option The reason I wrote BASIC ESSAY BOOK CRITIQUE and RESEARCH PAPER is that they were the first essays students were required to write not just in composition class but in other courses CHOOSING A TOPIC is something that has boggled many a mind These are my guidelines and enough students told me that the way I detailed essay requirements finally allowed the light bulb moment of understanding the process be lit for them Hopefully you'll find something helpful too

The Unity of Content and Form in Philosophical Writing Jon Stewart, 2013-07-18 In *The Unity of Content and Form in Philosophical Writing* Jon Stewart argues that there is a close relation between content and form in philosophical writing While this might seem obvious at first glance it is overlooked in the current climate of Anglophone academic philosophy which Stewart contends accepts only a single genre as proper for philosophical expression Stewart demonstrates the uniformity of today's philosophical writing by contrasting it with that of the past Taking specific texts from the history of philosophy and literature as case studies Stewart shows how the use of genres like dialogues plays and short stories were an entirely suitable and effective means of presenting and arguing for philosophical positions given the concrete historical and cultural contexts in which they appeared Now Stewart argues the prevailing intolerance means that the same texts are dismissed as unphilosophical merely due to their form although their content is in fact profoundly philosophical The book's challenge to current conventions of philosophical is provocative and timely and will be of great interest to students and scholars of philosophy literature and history
