English for Writing Research Papers Adrian Wallwork, 2023-09-20 Publishing your research in an international journal is key to your success in academia. This guide is based on a study of over 1000 manuscripts and reviewers' reports revealing why papers written by non-native researchers are often rejected due to problems with English usage and poor structure and content. With easy-to-follow rules and tips and examples taken from published and unpublished papers, you will learn how to prepare and structure a manuscript, increase readability, and reduce the number of mistakes you make in English by writing concisely with no redundancy and no ambiguity. Decide what to include in the various parts of the paper: Introduction, Methodology, Discussion, etc. Highlight your claims and contribution, avoid plagiarism, discuss the limitations of your research, choose the correct tenses, and style satisfy the requirements of editors and reviewers. This edition has two completely new chapters covering machine translation and using AI tools, e.g. chatbots, paraphrasers, editing tools, to improve and correct the English of a text. Other titles in this series: Grammar Usage and Style, Grammar Vocabulary and Writing Exercises, three volumes, 100 Tips to Avoid Mistakes in Academic Writing, and Presenting English for Presentations at International Conferences.
