McKay,2001 Founded in 1891 as a railroad town for the transcontinental Great Northern Railway Kalispell Montana faced bitter disappointment when the railroad relocated its route to the north in 1904 Most towns suffering similar fates fell into decline but not Kalispell which had become Flathead County seat in 1894 Situated in the majestic Northern Rockies the town thrived as the region s trade center and later became a gateway to Glacier National Park As Kalispell grew and prospered its streetscapes matured and the town s historic center remains a vibrant part of the community Discover Kalipsell s rich history and architectural heritage through this lively guide 6 x 9 84 pages b w photos illustrations maps      **The Oxford Guide to United States Supreme Court Decisions** Kermit L. Hall,1999 In Democracy in America De Tocqueville observed that there is hardly a political question in the United States which does not sooner or later turn into a judicial one Two hundred years of American history have certainly borne out the truth of this remark Whether a controversy is political economic or social whether it focuses on child labor slavery prayer in public schools war powers busing abortion business monopolies or capital punishment eventually the battle is taken to court And the ultimate venue for these vital struggles is the Supreme Court Indeed the SupremeCourt is a prism through which the entire life of our nation is magnified and illuminated and through which we have defined ourselves as a people Now in The Oxford Companion to the Supreme Court of the United States readers have a rich source of information about one of the central institutions of American life Everything one would want to know about the Supreme Court is here in more than a thousand alphabetically arranged entries There are biographies of every justice who ever sat on the Supreme Court with pictures of each as well as entries on rejected nominees and prominent judges such as Learned Hand on presidents who had an important impact on or conflict with the Court including Thomas Jefferson AbrahamLincoln and Franklin Delano Roosevelt and on other influential figures from Alexander Hamilton to Cass Gilbert the architect of the Supreme Court Building More than four hundred entries examine every major case that the court has decided from Marbury v Madison which established the Court spower to declare federal laws unconstitutional and Scott v Sandford the Dred Scott Case to Brown v Board of Education and Roe v Wade In

addition there are extended essays on the major issues that have confronted the Court from slavery to national security capital punishment to religion from affirmative action to the Vietnam War entries on judicial matters and legal terms ranging from judicial review and separation of powers to amicus brief and habeas corpus articles on all Amendments to the Constitution and an extensive four part history of the Court And as in all Oxford Companions the contributors combine scholarship with engaging insight giving us a sense of the personality and the inner workings of the Court They examine everything from the wanderings of the Supreme Court the first session was held on the second floor of the Royal Exchange Building in New York City and the Court at times has met in a Congressional committee room a tavern a rented house and finally in 1935 its own building to the Jackson Black Feud and the clouded resignation of Abe Fortas to the Supreme Court's press room and the paintings and sculptures adorning the Supreme Court building The decisions of the Supreme Court have touched and will continue to influence every corner of American society A comprehensive authoritative guide to the Supreme Court this volume is an essential reference source for everyone interested in the workings of this vital institution and in the multitude of issues it has confronted over the course of its history     Real Estate Record and Builders' Guide ,1891-07
