Beginners are introduced to concepts in a logical manner while practitioners can use this book as a reference to jump to relevant concepts directly. The book takes the reader from the fundamental content management concepts to advanced topics for the Documentum 6.5 platform, discussing architecture, security, the user interface, and application development on the way. It doesn't assume any prior knowledge of the subject, and each chapter provides additional learning resources and practice questions to reinforce the understanding of the concepts. Appendices provide a summary of the new features in versions 6.0 and 6.5 and a brief discussion on using DocApps. Three practice tests at the end cover the complete breadth of the topics discussed in the book. A study guide: this book will help you prepare for the E20 120 exam with hundreds of practice questions, three practice tests, and an efficient exam preparation strategy. Learn the technical fundamentals of Documentum 6.5, develop insights with illustrated examples from a real-life business scenario, and ace the E20 120 exam. What you will learn from this book: Learn the fundamental content management concepts for working with Documentum 6.5 and the Documentum platform architecture. Create and manage content with metadata. Secure repository access with users, groups, and permissions. Search and locate documents. Configure Webtop user interface with presets. Create and manage customizations with Documentum projects in Composer. Create portable and reusable customizations with aliases. Automate processes and business rules with workflows and lifecycles. Use virtual documents for collaboration and reuse. Approach: This book relies on simple language and makes extensive use of examples, illustrations, screenshots, and practice questions. Examples throughout the book are based on a real-life business scenario which strings different concepts together and takes the reader a step closer to real-life implementations. Simplify, illustrate with examples, and test the reader's understanding. _ with this approach, the book attempts to cater to different learning styles. Who this book is written for: If you are a beginner or intermediate-level Documentum developer or professional interested in preparing for the E20 120 exam and seeking EMC Proven Professional certifications in content management, then this book is for you. It can also be used as a handy guide and quick reference to the technical fundamentals of Documentum 6.5.
