Configuring the Networked Self Julie E. Cohen, 2012-01-24 The legal and technical rules governing flows of information are out of balance argues Julie E Cohen in this original analysis of information law and policy Flows of cultural and technical information are overly restricted while flows of personal information often are not restricted at all The author investigates the institutional forces shaping the emerging information society and the contradictions between those forces and the ways that people use information and information technologies in their everyday lives She then proposes legal principles to ensure that people have ample room for cultural and material participation as well as greater control over the boundary conditions that govern flows of information to from and about them

Free Speech and Intellectual Diversity in Higher Education Paul

Carrese, Carol McNamara, James Stoner, 2023-06-19 The essays in *Free Speech and Intellectual Diversity in Higher Education* reflect diverse perspectives on one of the most pressing issues in higher education the controversies over freedom of speech and its relation to intellectual diversity Does the First Amendment apply on campuses and do its principles clarify or obscure the issues surrounding campus speech What after all is the basis for those principles and how do they relate to the purposes of the university Is free speech truly effective without a diversity of perspectives and to what extent is such diversity found at universities today Does free speech discourage the inclusion of minorities or previously excluded groups Are there specific policies that can address the issue of free speech on campuses today in ways that are fair to all parties and to the interests at stake *Resources in Education* ,1991-04 Ted Hughes Joanny Moulin, 2005-08-16 This is the first collection of essays to be published since the poet's death Continuing a tradition of more than thirty years of Ted Hughes studies it gathers contributions by most of the major international Hughes scholars voicing their critical preoccupations at the turn of the century Over the years academic criticism on the poetry of Ted Hughes has established some well trodden paths which this collection still strongly reflects however the productions of the latter Hughes in poetry as well as in criticism demand a revisiting of the critical discourse on his work The biographical dimension for instance has gradually gathered momentum and it is no longer possible to study the work of Ted Hughes without due reference to the life and work of Sylvia Plath This book is nonetheless also motivated by the wish to bring some fresh blood to the Hughes studies by politely rocking the boat of a rather comfortably established critical reception that has prided itself on being the mouthpiece of the poet's own ideological discourse For this reason some of the chapters in this collection belong to a continental European tradition that is resolutely foreign to the former partisanships For all that Ted Hughes *Alternative Horizons* suggests that steering clear of the polemical ruts dug by fans and detractors alike can only benefit the future of scholarly studies devoted to a great poet *Who's who in America* ,1912 **Sexuality Counseling** Kay Frances Schepp, 2013-08-21 First published in 1986 Sex education is a necessary component of sexuality counseling A practitioner needs to be a sensitive effective educator in order to help people remedy sex related problems and prevent future ones This program is about professional counseling and assumes that the reader has training or intends to obtain it in an established helping profession **Black Belt** ,1975-09 The oldest and most respected martial arts title in the industry this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self defense in the world including techniques and strategies In addition Black Belt produces and markets over 75 martial arts oriented books and videos including many about the works of Bruce Lee the best known martial arts figure in the world **Syria** Dawn Chatty, 2018 A leading expert offers the definitive account of Syria's long history of welcoming and now exporting refugees **American Magazine** ,1928 American Illustrated Magazine ,1928 Legal Pragmatism Michael Sullivan, 2007-06-14 In *Legal Pragmatism* Michael Sullivan looks closely at the place of the individual and community in democratic society After mapping out a brief history of

American legal thinking regarding rights from communitarianism to liberalism Sullivan gives a rich and nuanced account of how pragmatism worked to resolve conflicts of self interest and community well being Sullivan s view of pragmatism provides a comprehensive framework for understanding democracy as well as issues such as health care education gay marriage and illegal immigration that will determine its character in the future Legal Pragmatism is a bold carefully argued book that presents a unique understanding of contemporary society law and politics

Free Speech in Contention Elizabeth-Jane Peatfield,2025-09-26 This short book examines the dynamic and complex nature of free speech with reference to criminal law It explores its historical roots its role as a cornerstone of democracy and its contemporary challenges Free speech is not merely a legal right but a social and cultural tool that fosters democracy innovation and cultural progress However as society evolves so too do the questions surrounding its boundaries and ethical implications This book combines scholarly rigor with accessible writing and a measured approach to engage readers and students across disciplines and ideologies It seeks to understand what free speech means and where its limits lie By incorporating real world examples such as the debates around J K Rowling s comments on gender or the misinformation campaigns during the Brexit referendum the book delves into the tension between free expression and the challenges of misinformation hate speech and cultural censorship It addresses free speech not as an abstract principle but as a living breathing mechanism shaping democracy innovation and cultural understanding Its scope encompasses legal ethical political and cultural dimensions offering a comprehensive yet nuanced exploration of free speech s evolving landscape The chapters lend themselves well to classroom reading and include recommendations at the end of each chapter
