Strategic Customer Service John A. GOODMAN, 2009-05-13 The success of any organization depends on high quality customer service. But for companies that strategically align customer service with their overall corporate strategy, it can transcend typical good business to become a profitable word of mouth machine that will transform the bottom line. Drawing on over thirty years of research for companies such as 3M, American Express, Chick Fil A, USAA, Coca Cola, FedEx, GE, Cisco Systems, Neiman Marcus, and Toyota, author Goodman uses formal research, case studies, and patented practices to show readers how they can calculate the financial impact of good and bad customer service, make the financial case for customer service improvements, systematically identify the causes of problems, align customer service with their brand, harness customer service strategy into their organization's culture and behavior. Filled with proven strategies and eye-opening case studies, this book challenges many aspects of conventional wisdom, using hard data and revealing how any organization can earn more loyalty, win more customers, and improve their financial bottom line.

Strategic Customer Service John Goodman, 2019-02-05 Any organization can win more customers and increase sales if they learn to be more strategic with their customer service. When customers complain, employees respond. The typical service model is riddled with holes. What about people and businesses who never speak up but never come back? Learn to actively reach out, prevent problems, and resolve issues in ways that boost loyalty. Strategic Customer Service is a data-packed roadmap that shows you how. This invaluable resource distills decades of research on the impact of great versus mediocre service. Complete guidelines and case studies explain how to gather and analyze customer feedback, empower employees to fix problems, track your impact on revenue, generate sensational word of mouth, tap opportunities to cross-sell and up-sell. Strategic Customer Service draws on over 30 years of research from companies such as 3M, GE, and Chick Fil A to teach you how to transcend a good business into a profitable word of mouth.
