PC Mag ,1991-10-15 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology The Complete Guide to the NEXTSTEP™ User Environment Michael B. Shebanek,1993-09-17 This book is about the advanced object oriented NEXTSTEP™ user environment for NeXT and Intel based computers It is intended for those who already own a computer running NEXTSTEP and want to quickly learn what it can do and how to get the most out of it with the least effort It s also for those who are considering the purchase of NEXTSTEP but want to learn more about how it works before making an investment Why a book on NEXTSTEP When I set out to learn how to use NEXTSTEP several years ago I found it extremely difficult to find information from the usual sources such as books magazines user groups and authorized dealers NEXTSTEP users were scarce and finding a computer store that sold NeXT related products was even more rare There were also only a handful of NeXT user groups in existence and those that did exist met so far away that joining one of them was impractical The manuals I received from NeXT were helpful but I had the feeling there must be something more to it than what was written in the User s Reference It didn t describe many of the shortcuts that experienced users had found or the public domain and shareware utilities that were popular and how I could use them to make my work even easier and more fun **PC Mag** ,1991-04-30 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology PC Mag ,1991-02-26 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology PC Mag ,1992-04-14 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology
