**A New Agenda for Higher Education** William M. Sullivan, Matthew S Rosin, 2008-04-04 In A New Agenda for Higher Education the authors endorse higher education's utility for enhancing the practical as well as intellectual dimensions of life by developing a third different conception of educational purpose Based on The Carnegie Foundation for the Advancement of Teaching seminar that brought together educators from six professional fields with faculty from the liberal arts and sciences A New Agenda for Higher Education proposes an educational aim of practical reason focusing on the interdependence of liberal education and professional training

**Human Biology** Sylvia S. Mader, 2005-07 The laboratory exercises in this manual are coordinated with Human Biology a text that has two primary functions 1 to understand how the human body works and 2 to understand the relationship of humans to other living things in the biosphere This laboratory manual can be adapted to a variety of course orientations and designs There are a sufficient number of laboratories to permit a choice of activities over the length of the course Many activities may be performed as demonstrations rather than as student activities thereby shortening the time required to cover a particular concept
