Applications & benefits

The Hydril Pressure Control GL® annular BOP has a field-tested, field-proven design. It has demonstrated world-class dependability and quality to users for over 30 years. As with all our BOPs, we test every GL's operating chambers and packing unit to full BOP working pressure to ensure strength, reliability, and the ability to over-pressurize the chambers in emergencies. Special and proven features like these are the reason why customers have come to expect reliable performance, closure after closure.
