Note: If you're uncomfortable, it's probably best if you're around others who are comfortable with you first. It's better to overestimate who will be comfortable with you than think you'll go to a friend's house, only to find that friend isn't as comfortable as you thought he or she was. If you're not comfortable, it's better to go to a friend's house and find out than to go to a friend's house and find out that you're not comfortable.
