BERKOVE, Joseph Csicsila, 2010-04-15 Challenging the prevailing belief that Mark Twain s position on religion hovered somewhere between skepticism and outright heresy Lawrence Berkove and Joseph Csicsila marshal biographical details of Twain s life alongside close readings of his work to explore the religious faith of America s most beloved writer and humorist They conclude not only that religion was an important factor in Twain s life but also that the popular conception of Twain as agnostic atheist or apostate is simply wrong *Heretical Fictions* is the first full length study to assess the importance of Twain s heretical Calvinism as the foundation of his major works bringing to light important thematic ties that connect the author s early work to his high period and from there to his late work Berkove and Csicsila set forth the main elements of Twain s countertheological interpretation of Calvinism and analyze in detail the way it shapes five of his major books *Roughing It* *The Adventures of Tom Sawyer* *Adventures of Huckleberry Finn* *A Connecticut Yankee in King Arthur s Court* and *No 44 The Mysterious Stranger* as well as some of his major short stories The result is a ground breaking and unconventional portrait of a seminal figure in American letters In Bad Faith Forrest Glen Robinson, 1986 Something is not right in the world of Tom Sawyer and Huckleberry Finn The unease is less evident to Tom the manipulator than to the socially marginal Huck The trouble is most dramatically revealed when Huck whose sivilized Christian conscience is developing faces the choice between betraying his black friend Jim which he believes is his moral duty and letting him escape as his heart tells him to do Bad faith is Forrest Robinson s name for the dissonance between what we profess to believe how we act and how we interpret our own behavior There is bad faith in the small hypocrisies of daily living but Robinson has a much graver issue in mind namely slavery which persisted for nearly a century in a Christian republic founded on ideals of freedom equality and justice Huck living on the fringes of small town society recognizes Jim s humanity and understands the desperateness of his plight Yet Huck is white a member of the dominant class he is at once influenced and bewildered by the contradictions of bad faith in the minds of his fully acculturated contemporaries Robinson stresses that bad faith is more than a theme with Mark Twain his bleak view of man s social nature however humorously expressed his nostalgia his ambivalence about the South his complex relationship to his audience can all be traced back to an awareness of the deceptions at the core of his culture and he is not himself immune This deeply perceptive book will be of interest to students of American literature and history and to anyone concerned with moral issues *The Bloomsbury Handbook of Reading Perspectives and Practices*
