*Leadership* Craig E. Johnson, Michael Z. Hackman, 2018-01-26 *Leadership A Communication Perspective* has been at the forefront of university and college leadership courses for nearly three decades providing a compelling authoritative introduction to leadership as a communication based activity The new edition continues the tradition of excellence with an up to date treatment of theory and research combined with practical real world advice for improving communication competence and leadership effectiveness Relevant The authors profile contemporary leaders and organizations like Alibaba's Jack Ma Zappos Tony Hsieh Facebook's Sheryl Sandberg Uber The Container Store Airbnb Chipotle the Waffle House Nordstrom and Google Their presentation balances current scholarship and trends with historical perspectives to provide a fuller understanding of the study and practice of leadership Comprehensive Leadership and followership are examined in multiple contexts including organizational leadership public leadership and leadership in groups and teams Topics new to this edition include transcendent followership the leadership skills approach team coaching escalation of commitment invisible leadership cultural intelligence trigger events and resilience Full featured Self Assessments measure readers' perceptions of personal leadership skills communication style cultural intelligence motivation to lead and more Case Studies examine leadership situations and pose thoughtful questions that prompt students to apply their experiences and understandings Research Highlights summarize seminal and recent scholarship Chapter Takeaways reinforce important concepts and action steps Application Exercises offer abundant opportunities to explore practice and reflect on chapter content Cultural Connections discuss leadership expectations and behaviors in other cultures Leadership on the Big Screen correlates chapter concepts with the themes of popular films and documentaries *Exploring Leadership* Susan R. Komives, Nance Lucas, Timothy R. McMahon, 2013-05-17 This third edition is a thoroughly revised and updated version of the bestselling text for undergraduate leadership courses This book is designed for college students to help them understand that they are capable of being effective leaders and guide them in developing their leadership potential The Relational Leadership Model RLM continues as the major focus in this edition and the book includes stronger connections between the RLM dimensions and related concepts as well as visual applications of the model The third edition includes new student

vignettes that demonstrate how the major concepts and theories can be applied It also contains new material on social justice conflict management positive psychology appreciative inquiry emotional intelligence and new self assessment and reflection questionnaires For those focused on the practice of leadership development the third edition is part of a complete set that includes a Student Workbook a Facilitation and Activity Guide for educators and free downloadable instructional PowerPoint slides The Workbook is a student focused companion to the book and the Facilitation and Activity Guide is designed for use by program leaders and educators

**Organizational Processes and Received Wisdom** Daniel J. Svyantek, Kevin T. Mahoney, 2014-03-01 This Research in Organizational Sciences volume to explore and question the received wisdom of organizational sciences The chapters in this volume and the companion volume seek to establish boundary conditions for important organizational constructs and processes They illustrate the importance of context for interpreting the received wisdom of organizational science by showing when constructs must be adapted to changing circumstances The volume begins with four chapters looking at the construct of leadership Each of these addresses an important aspect of our understanding of leadership and its practice The four chapters on leadership are followed by five chapters dealing with other organizational processes including motivation organizational change the role of diversity in organizations and organizational citizenship The last three chapters deal with the issue of knowledge in large systems Two chapters address how information may be transmitted across organizations and generations of workers The final chapter deals with the use of information by organizational decision makers The 12 papers in this volume all in some way question received wisdom and present alternatives which expand our understanding of organizational behavior These chapters each strive to present new ways of understanding organizational constructs and in so doing reveal how received wisdom does not always lead to best practice in research or application It is our hope that these chapters illustrate how challenging received wisdom in organizational studies can provide new ways of thinking about organizational processes These new ways of thinking in turn can provide better understanding of the processes necessary to increase organizational effectiveness

*Leadership* Süleyman Göker, 2018-09-19 This book when compared to other books on leadership is expected to present a new understanding of the essential features of leadership and it varies from the wealth of literature in the following ways firstly this book attempts to include leaders at all management levels within an organization and across various sectors This book also aims to provide experiences and reflections across a variety of sectors and organizational structures rather than focusing on one set of definitions as is the case in current leadership sources Finally this book is expected to offer a new perspective addressing and inspiring actual leaders today and potential ones and contributing to the existing debate on leadership

**Cases in Leadership** W. Glenn Rowe, 2012-04-04 Cases in Leadership Third Edition is a unique collection of 32 real world leadership cases from Ivey Publishing plus 16 practitioner readings from the Ivey Business Journal The updated casebook helps business students gain a better understanding of leadership and enables them to be more effective leaders through their careers Each

of the selected cases are about complex leadership issues that require the attention of the decision maker This casebook provides an invaluable supplement to any standard leadership text by connecting theory to actual cases However it has been organized to work especially well in conjunction with the Sixth Edition of Peter Northouse s Leadership Theory and Practice

**Infrastructure Development in Nigeria** Michael O. Onolememen,2020-01-22 This book examines the politics and economics of infrastructure development in Nigeria from Independence in 1960 up to 2015 and the role of good governance in promoting the socioeconomic wellbeing of citizens Arguing for the need for transformational leadership in infrastructure development the chapters examine policy issues and survey the various administrative economic and social political reforms that have impacted infrastructure development in Nigeria The author also discusses current national development plans and Vision 20 2020 challenges to infrastructure development including corruption and the future potential of a strong infrastructure network for the economy and citizens Drawing upon his experience within government departments as well as existing models of leadership and governance the author explores the role of infrastructure development in promoting the wellbeing and growth of Nigeria Combining theory with practical examples of good governance this book will be of interest for students and researchers of political science and infrastructure development in Africa

**Leading and Managing in Health Services** Sandra G. Leggat,2015-06-19 Leading and Managing Health Services An Australasian Perspective is an indispensable resource for students in the ever changing healthcare industry

**Middle Leadership in Schools** Peter Grootenboer,Christine Edwards-Groves,Karin Rönnerman,2020-03-24 Middle leading refers to those teachers that both teach and have leadership roles and thus can bridge the gap between the practices of learning and the management of schooling Focusing on the practices of middle leaders this book addresses the current lack of support and professional development for middle leaders in educational settings Middle Leadership in Schools positions middle leaders as professional leaders and an integral part of educational and professional development in schools and other educational institutions Drawing on empirical research spanning four countries this book provides readers with a conceptual framework to understand middle leading and shows how middle leading practices unfold in real educational contexts This is a valuable resource that goes beyond a theoretical conversation about middle leaders to provide readers with practical applications based on extensive research undertaken by the authors The book is divided into seven chapters each of which include reflective discussion questions and recommended readings to promote collaborative engagement with the text Chapters cover topics such as how middle leading is shaped in practice its role in professional development and its impact on schools Illustrating to middle leaders how they can develop their leadership skills the book will also be of interest to school principals and other senior leaders as a guide to supporting their middle leaders

**Leaders and Leadership in Serbian Primary Schools** Jelena Raković,Tom O'Donoghue,Simon Clarke,2018-12-12 This book explores the perspectives of primary school leaders in Serbia as they attempt to navigate its changing political social and economic situation As a post socialist and post conflict country Serbia

has moved from a state ruled and planned economy to market oriented consumerism and competitiveness In the midst of a rapidly changing and evolving country school leaders have found themselves on the front lines of a system where infrastructure and support have not been implemented consistently The clash between the complexities of Serbia s history and attempts to align education policies to those of the European Union has created unique challenges for primary school leaders they are expected to be both objects and agents of change in a context where their own political position and relationships with students parents and the teaching profession at large have been irrevocably altered By illuminating the perspectives of the leaders themselves this book emphasises the importance of these actors on the front line of Serbian education its findings can equally be applied to other post Communist and post conflict contexts
