THE GAME OF BLACKJACK

Blackjack, also known as Twenty-one, is one of the world's most popular casino games. In Blackjack, the dealer deals cards to seven players. These rules vary from casino to casino. In all versions, it is the player's mission to beat the dealer. The player's goal is to get a 21 or closer to that value than the dealer.

Each time the player beats the dealer they receive double the bet they placed. If the dealer beats the player, the player loses the bet amount that they bet. The dealer always has cards to 17 and all players no longer play. The players cards are dealt face up while the dealer's cards are dealt face down, and one face up. Once all of the players have completed their turn the dealer value is revealed.

Each turn and reveals the dealer's additional card. All the cards are dealt according to the players and dealer's results. This game is known for its complex strategy. The dealer will double the bet of the game as well as help new players understand the strategy.
