James Mann, 2015-09-30 Explore the complete history of Jaguar maker of cars that practically purr with life through James Mann's stunning photography In 1935 a small company in Coventry England built a sporting saloon called the Jaguar SS and set in motion an inexorable process that would lead to Britain's most beloved line of high performance automobiles Originally begun by a couple of motorcycle enthusiasts William Lyons and William Walmsley the firm originally called the Swallow

Sidecar Company quickly expanded into automobile production and with its new Jaguar model it had exactly what the market wanted. In England's bleak postwar years Jaguar became a shining star beginning with its XK120 the first production car ever to achieve 120 miles per hour followed by the XK140 and XK150. Sporting sedans saloons in British parlance such as the Mark 2 and Mark X set the bar for luxury four door transport in the 50s and 60s. Then Jaguar stunned the world with the achingly beautiful E Type in 1961 a genuine 150 miles per hour super sports car. Along the way the company competed on road courses around the world going head to head with greats such as Ferrari and Aston Martin. Though Jaguar lost its way periodically in the modern era it has bounded back stronger than ever in the 21st century with a lineup including the all new F Type sports car. Jaguar Cars features 50 of Jaguar's most iconic models from the original SS Jaguar to today's F Type sports cars as well as the C X75 supercar concept.

The Complete Book of Jaguar Nigel Thorley, 2019-09-17 In 1935 when a small company in Coventry England launched a sporting saloon i.e. sedan called the Jaguar SS it set in motion an inexorable process that would lead to Britain's most beloved line of high performance automobiles. The Complete Book of Jaguar covers the SS and all of the Jaguar's subsequent production models from the original SS Jaguar to today's F Type sports cars F Pace SUV X Type sedans as well as concept cars. As with other books in the Complete Book Series author Nigel Thorley organizes the content chronologically with entries for each year. Narratives for each discuss the cars and technology while spec tables highlight key technical and performance specifications. Originally begun by a couple of motorcycle enthusiasts William Lyons and William Walmsley as a firm called the Swallow Sidecar Company Jaguar would become one of the world's most celebrated automakers. In England's bleak postwar years Jaguar became a shining star first with its XK120 followed by the XK140 and XK150. Sporting sedans like the Mark 2 and Mark X set the bar for luxury four door transport in the 50s and 60s. Then Jaguar stunned the world with the achingly beautiful E Type in 1961 a genuine 150 mph super sports car. Along the way the company competed on road courses around the world going head to head with greats like Ferrari and Aston Martin. Though Jaguar lost its way periodically in the modern era it has bounded back stronger than ever in the twenty first century with a strong lineup including the new F Type sports car and F Pace SUV. The Complete Book of Jaguar is the essential guide to this important chapter in the history of sports and luxury automobiles.

British Leyland James Taylor, 2018-03-26 In 1968 British Leyland brought together many of Britain's motor manufacturers with the intention of creating a robust unified group that could

equal the strength of the big European conglomerates But this was not to be There have been many books about the politics and the business activities of British Leyland but British Leyland The Cars 1968 1986 looks exclusively at the cars that came from the company both the models it inherited and those it created The eighteen years of the corporation s existence saw a confusing multitude of different car types but this book resolves these confusions clarifying who built what and when The book takes 1986 as its cut off point because this was the year that the old British Leyland ceased to exist and what was left of the car and light commercial business was renamed the Rover Group The book includes Production histories and technical specifications of every major model The special overseas models Appendices on engines code names and factories Buying guidance on the models built in Britain This is the most comprehensive book so far to focus on the cars from British Leyland between 1968 1986 and it provides an overview of each model s production history together with essential specification details It is profusely illustrated with 178 colour and 63 b w photographs
