

Question 4
Accounting: High Scores

The following table shows the results of a survey conducted by the National Accounting Society.

The survey asked accountants to rate the quality of their work on a scale of 1 (lowest) to 5 (highest). The results are shown in the table below.

Location	Accountants Respondents	Accountants Respondents (N=100)	Accountants Respondents (N=100)
North	100	100	100
South	100	100	100
West	100	100	100
East	100	100	100
Central	100	100	100
North	100	100	100
South	100	100	100
West	100	100	100
East	100	100	100
Central	100	100	100
North	100	100	100
South	100	100	100
West	100	100	100
East	100	100	100
Central	100	100	100

Based on the survey results, the following table shows the results of a survey conducted by the National Accounting Society. The survey asked accountants to rate the quality of their work on a scale of 1 (lowest) to 5 (highest). The results are shown in the table below.

a) The survey results show that accountants in the North and South regions have the highest quality of work, while accountants in the West and East regions have the lowest quality of work. This is likely due to the fact that accountants in the North and South regions are more likely to be employed by large firms, which tend to have higher quality of work.

b) The survey results also show that accountants in the North and South regions are more likely to be employed by large firms, which tend to have higher quality of work. This is likely due to the fact that accountants in the North and South regions are more likely to be employed by large firms, which tend to have higher quality of work.

c) The survey results also show that accountants in the North and South regions are more likely to be employed by large firms, which tend to have higher quality of work. This is likely due to the fact that accountants in the North and South regions are more likely to be employed by large firms, which tend to have higher quality of work.
