Part II: Security Analytics, Threat Intelligence, Multimedia Forensics, Generative AI, Emerging Threats.

Contested Kingdom William McCarthy, 2024-11-20. In *Contested Kingdom: Fan Attachment and Corporate Control at Disneyland*, William McCarthy presents a groundbreaking study centered on the history of Disneyland and Disney theme park enthusiasts. Focusing on two unexplored yet interconnected phenomena: the dynamic relationship between the Disney corporation and Southern Californian fans in both online and physical park settings over a span of more than three decades, this volume sheds new light on the meaning and purpose of Disneyland. Through a comprehensive analysis of the interwoven dimensions of individuals' place and cognitive, affective, and behavioral processes, McCarthy explores the fervent sense of place attachment experienced by the approximately one million annual passholders who visit the park. McCarthy's analysis extends beyond the physical world of Disneyland by delving into the evolution of Disney fandom, discourse, commerce, and social formations in online social platforms like Usenet, web discussion boards, and social media. By employing a mixed methods approach incorporating interviews, participant observation, surveys, and data analysis, this study establishes a novel analytical framework for comprehending the interrelationships between the Disney corporation, its fan communities, and online social platforms. As the first in-depth longitudinal analysis of the ongoing struggle on successive social platforms between fan users and a corporate entity, *Contested Kingdom* provides valuable insights for scholars and future investigations.

The Autocar, 1971-08. **I Find Your Lack of Faith Disturbing** A. D. Jameson, 2025-06-25. Funny, incisive, and timely, Jameson does for geeks what geek culture does for its superheroes: he takes them seriously, respects their power, and refuses to hide his deep affection. Lawrence Kasdan, co-screenwriter of *The Empire Strikes Back*, *Return of the Jedi*, *The Force Awakens*, and *Solo: A Star Wars Story*. In *I Find Your Lack of Faith Disturbing*, A. D. Jameson takes geeks and non-geeks alike on a surprising and insightful journey through the science fiction, fantasy, and superhero franchises that now dominate pop culture. Walking us through the rise of geekdom from its underground origins to the top of the box office and bestseller lists, Jameson takes in franchises like *The Lord of the Rings*, *Guardians of the Galaxy*, *Harry Potter*, *Star Trek*, and in particular *Star Wars*, as well as phenomena like fan fiction, cosplay, and YouTube parodies. Along the way, he blasts through the clichés surrounding geek culture: that its fans are mindless consumers who will embrace all things Spider-Man or Batman regardless of quality, or that the popularity and financial success of *Star Wars* led to the death of ambitious filmmaking. A lifelong geek, Jameson shines a new light on beloved classics, explaining the enormous love and hate they are capable of inspiring in fan and non-fan alike while exploding misconceptions as to how and why they were made. *I Find Your Lack of*

Faith Disturbing tells the story of how the geeks have inherited the earth *Field & Stream* ,1980-08 FIELD STREAM
