**Media** Kaarle Nordenstreng, Daya Kishan Thussu, 2015-03-27 Mapping BRICS Media is the first comprehensive and comparative study of the emerging media landscape in the world's most dynamic and fastest growing markets. This pioneering collection focuses on one of the key topics in contemporary international relations: the emergence of BRICS (Brazil, Russia, India, China, and South Africa), a grouping that includes some of the world's largest populations and fastest growing economies. The volume brings together leading scholars mainly from the BRICS nations to examine how the emergence of the BRICS media will impact on global media and communication. Contextualizing the rise of the BRICS nations within the broader shifts in global power relations, the chapters investigate the unprecedented growth of the BRICS media within a multi-polar world, evaluating the media landscapes in the individual BRICS countries, their histories, and their journalism practices, as well as analyzing emerging inter-BRICS media relationships. Accessible and comprehensive, the book provides a critical guide to the complex debates about the impact of the rise of the rest on the media globe and how far this poses a challenge to the Western-dominated world order and its media systems.

**Advanced Practice Nursing E-Book** Ann B. Hamric, Judith A. Spross, Charlene M. Hanson, 2008-07-02 Covering all advanced practice competencies and roles, this book offers strategies for enhancing patient care and legitimizing your role within today's health care system. It covers the history of advanced practice nursing, the theory behind the practice, and emerging issues. Offering a comprehensive exploration of advanced practice nursing, this edition also adds a focus on topics including the APN scope of practice, certification, and the ethical and legal issues that occur in clinical practice. The development of all major competencies of advanced practice nursing is discussed: direct clinical practice, consultation, coaching, guidance, research, leadership, collaboration, and ethical decision making. Advanced practice competencies are discussed in relation to all advanced practice nursing and blended CNS/NP roles: case manager, acute care nurse practitioner, highlighting the shared aims and distinctions of each role. In-depth discussions on educational strategies explain how competencies develop as the nurse's practice progresses. A chapter on research competencies demonstrates how to use evidence-based research in practice and how to promote these research competencies to other APNs. A conceptual framework shows the clear relationship between the competencies, roles, and challenges in today's health care environment. Practical strategies are provided for business management, contracting, and marketing. Comprehensive information covers the essential competencies of the new Doctor of Nursing Practice degree. More exemplars, case studies provide real-life scenarios showing APN competencies in action. A new chapter shows how to provide reliable and valid data to substantiate your impact and justify equitable reimbursement for APN services, also enhancing your skills in quality improvement strategies, informatics, and systems thinking. Information on telehealth considerations covers the new sources of electronic healthcare information available to patients and describes how to counsel them on using reliable resources.
