defended the myths he castigated the polemics that made him famous and his acute ear for the languages of his day It also underscores his remarkable ability to see which way the wind was blowing and he is still a compelling author to read in part because his path breaking explorations uncovered themes that continue to preoccupy us today Barthes's life story gives substance and cohesion to his career which was guided by desire perspicacity and an extreme sensitivity to the material from which the world is shaped as well as a powerful refusal to accept any authoritarian discourse By allowing thought to be based on imagination he turned thinking into both an art and an adventure This remarkable biography enables the reader to enter into Barthes's life and grasp the shape of his existence and thus understand the kind of writer he became and how he turned literature into life itself

Form in the Later Writing of Ingeborg Bachmann Áine McMurtry, 2012 Ingeborg Bachmann 1927-73 one of the most acclaimed German language poets of the post war period famously turned away from the lyric during the 1960s Publicly declaring that she had stopped writing poetry Bachmann began work on the prose *Todesarten* cycle that would dominate the last decade of her life During a period of personal breakdown in the 1960s however she privately continued to write in verse and the publication of selected drafts in 2000 threw new light on her compositional methods in this period As the most extensive study to date of the poetic drafts this monograph leads away from the polemic that surrounded their publication to establish the fragmentary texts as an experimental stage of writing that proved formally and thematically significant for later published prose works Bridging the genre gap of much Bachmann scholarship McMurtry illuminates the development of a reflexive mode where sophisticated aesthetic strategies enable the oblique expression of cultural critique in McMurtry is Lecturer in German at Durham University
