God's Gangs Edward Flores, 2014 Winner 2014 Distinguished Contribution to Research Award presented by the Latina o Sociology Section of the American Sociological Association Los Angeles is the epicenter of the American gang problem Rituals and customs from Los Angeles eastside gangs including hand signals graffiti and clothing styles have spread to small towns and big cities alike Many see the problem with gangs as related to urban marginality for a Latino immigrant population struggling with poverty and social integration gangs offer a close knit community Yet as Edward Orozco Flores argues in God s Gangs gang members can be successfully redirected out of gangs through efforts that change the context in which they find themselves as well as their notions of what it means to be a man Flores here illuminates how Latino men recover from gang life through involvement in urban faith based organizations Drawing on participant observation and interviews with Homeboy Industries a Jesuit founded non profit that is one of the

largest gang intervention programs in the country and with Victory Outreach a Pentecostal ministry with over 600 chapters Flores demonstrates that organizations such as these facilitate recovery from gang life by enabling gang members to reinvent themselves as family men and as members of their community The book offers a window into the process of redefining masculinity As Flores convincingly shows gang members are not trapped in a cycle of poverty and marginality With the help of urban ministries such men construct a reformed barrio masculinity to distance themselves from gang life **Fútbol in the Park** David Trouille,2021-02-02 You know the scene amateur soccer players battling over the ball spectators cheering from the sidelines vendors selling their wares from carts Over the past half century immigration from Latin America has transformed the public landscape in the United States and numerous communities are witnessing one of the hallmarks of this transformation the emergence of park soccer In *Fútbol in the Park* David Trouille takes us into the world of Latino soccer players who regularly play in an upscale Los Angeles neighborhood where they are not always welcome Together on the soccer field sharing beers after the games and occasionally exchanging taunts or blows the men build relationships and a sense of who they are Through these engrossing revealing and at times immortalizing activities they forge new identities friendships and job opportunities giving themselves a renewed sense of self worth and community As the United States becomes increasingly polarized over issues of immigration and culture *Fútbol in the Park* offers a close look at the individual lives and experiences of migrants

Religion Is Raced Grace Yukich,Penny Edgell,2020-07-28 Demonstrates how race and power help to explain American religion in the twenty first century When White people of faith act in a particular way their motivations are almost always attributed to their religious orientation Yet when religious people of color act in a particular way their motivations are usually attributed to their racial positioning *Religion Is Raced* makes the case that religion in America has generally been understood in ways that center White Christian experiences of religion and argues that all religion must be acknowledged as a raced phenomenon When we overlook the role

race plays in religious belief and action and how religion in turn spurs public and political action we lose sight of a key way in which race influences religiously based claims making in the public sphere With contributions exploring a variety of religious traditions from Buddhism and Islam to Judaism and Protestantism as well as pieces on atheists and humanists Religion Is Raced brings discussions about the racialized nature of religion from the margins of scholarly and religious debate to the center The volume offers a new model for thinking about religion that emphasizes how racial dynamics interact with religious identity and how we can in turn better understand the roles religion and Whiteness play in politics and public life especially in the United States It includes clear recommendations for researchers including pollsters on how to better recognize moving forward that religion is a raced phenomenon With contributions by Joseph O Baker Kelsy Burke James Clark Davidson Janine Giordano Drake Ashley Garner Edward Orozco Flores Sikivu Hutchinson Sarah Imhoff Russell Jeung John Jimenez Jaime Kucinkas Eric Mar Gerardo Mart Omar M McRoberts Besheer Mohamed Dawne Moon Jerry Z Park Z Fareen Parvez Theresa W Tobin and Rhys H Williams The Gender Communication Connection Teri Kwal Gamble, Michael W.
