Middle East and Central Asia Dept.,2014-09-24 KEY ISSUES Background Yemen has made good progress since the 2011 crisis in advancing the political transition However the fledgling economic recovery remained insufficient to make a dent in unemployment and poverty and fundamental reforms were postponed for fear of derailing the National Dialogue that was central to the political transition The macroeconomic situation weakened further since early 2014 with increased sabotage of oil facilities leading to a decline in oil revenue and therefore a deterioration in the fiscal and external positions and severe fuel and electricity shortages To address the difficult economic situation the authorities have adopted a bold reform agenda to preserve macroeconomic stability and set the stage for boosting growth employment creation and poverty alleviation They requested Fund support under an ECF arrangement with access of 150 percent of quota in consideration of the strength of the reforms and large financing needs Outlook and Risks Growth and other macroeconomic indicators are projected to improve steadily over the medium term as a result of the reform efforts and improvements in security Institutional capacity constraints and or deterioration in security or the political environment could delay reform implementation in particular energy subsidy reforms Such delays could destabilize the economy and necessitate even stronger adjustments later on Policy Discussions Discussions focused mainly on sequencing and speed of reforms in view of the large financing needs of the budget Since the successful implementation of the RCF in 2012 there has been an ongoing dialogue with the authorities and a broad agreement on priority reforms with differences of views on the timing and feasibility of the various reforms during the political transition After the recent progress achieved in advancing political transition and the increased economic challenges the authorities have decided to move ahead with a strong reform program The program aims to reduce the fiscal deficit to more manageable levels and reorient public spending from generalized subsidies to infrastructure investment and direct social transfers with the objective to generate growth and employment and better benefit the poor The authorities also agreed with staff on the need to improve fiscal performance by eliminating ghost workers and double dippers from the civil service payroll and by increasing nonhydrocarbon revenue Other agreed reforms aim at ensuring financial sector soundness and improving intermediation and the business environment to support growth and job creation Other Article IV Issues An updated debt sustainability analysis indicates that the risk of debt distress continues to be moderate Plans to introduce fiscal federalism need to ensure appropriate expenditure and debt contracting policies and controls A gradual increase in exchange rate

flexibility over the medium term would help protect competitiveness and reserves and would support growth and job creation More efforts are needed to further improve economic data and to strengthen capacity in AML CFT

Deadly Biocultures Nadine Ehlers, Shiloh Krupar, 2019-12-17 A trenchant analysis of the dark side of regulatory life making today In their seemingly relentless pursuit of life do contemporary U S biocultures where biomedicine extends beyond the formal institutions of the clinic hospital and lab to everyday cultural practices also engage in a deadly endeavor Challenging us to question their implications Deadly Biocultures shows that efforts to make live are accompanied by the twin operation of let die they validate and enhance lives seen as economically viable self sustaining productive and oriented toward the future and optimism while reinforcing inequitable distributions of life based on race class gender and dis ability Affirming life can obscure death create deadly conditions and even kill Deadly Biocultures examines the affirmation to hope target thrive secure and green in the respective biocultures of cancer race based health fatness aging and the afterlife Its chapters focus on specific practices technologies or techniques that ostensibly affirm life and suggest life s inextricable links to capital but that also engender a politics of death and erasure The authors ultimately ask what alternative social forms and individual practices might be mapped onto or intersect with biomedicine for more equitable biofutures

Contestants, Profiteers, and the Political Dynamics of Marketization Helen Callaghan, 2018-01-19 Since the early 1980s governments worldwide have taken many measures to expand the role of markets Recent political events reflect widespread disenchantment with neoliberal policies but it remains doubtful whether populist leaders will deliver the market restraints that many of their voters expect This book explains the resilience of marketization processes by highlighting the role of profiteers namely those who like the organizer of a cock fight benefit from contests regardless of who wins By setting up shop on the sidelines profiteers accumulate resources that boost political efforts to maintain and expand the arena of competition Evidence comes from the evolution of support for shareholder rights relating to takeover bids among key interest

groups and political parties in three countries since the late nineteenth century
