College students are experiencing anxiety, depression, alcohol abuse, and other mental health issues at alarming rates in a landscape of growing academic, social, and financial pressures. As a college mental health psychiatrist for over two decades and a mother of two, twenty-somethings, Marcia Morris has witnessed the ways problems can derail students from their goals, while parent interventions at critical junctures can help get students back on track. *The Campus Cure: A Parent Guide to Mental Health and Wellness for College Students* is a first aid guide to your child's emotional health, preparing you to handle the mental health problems and emotional ups and downs many young adults experience in college. **Clementine Hunter** Art Shiver, Clementine Hunter, 2012-09-17 Clementine Hunter (1887-1988) painted every day from the 1930s until several days before her death at age 101. As a cook and domestic servant at Louisiana's Melrose Plantation, she painted on hundreds of objects available around her: glass snuff bottles, discarded roofing shingles, ironing boards, as well as on canvas. She produced between five and ten thousand paintings, including her most ambitious work, the African House Murals. Scenes of cotton planting and harvesting, washdays, weddings, baptisms, funerals, Saturday night revelry, and zinnias depict experiences of everyday plantation life along the Cane River. More than a personal record of Hunter's life, her paintings also reflect the social, material, and cultural aspects of the area's larger African American community. Drawing on archival research, interviews, personal files, and a close relationship with the artist, Art Shiver and Tom Whitehead offer the first comprehensive biography of this self-taught painter who attracted the attention of the world. Shiver and Whitehead trace Hunter's childhood, her encounters at Melrose with artists and writers such as Alberta Kinsey and Lyle Saxon, and the role played by eccentric François Mignon, who encouraged and promoted her art. The authors include rare paintings and photographs to illustrate Hunter's creative process and discuss the evolution of her style. The book also highlights Hunter's impact on the modern art world and provides insight into a decades-long forgery operation that Tom Whitehead helped uncover. This recent attention reinforced

the uniqueness of Hunter's art and confirmed her place in the international art community which continues to be inspired by the life and work of Clementine Hunter      **Pathways to Self-Discovery and Change** Harvey B.
