Charles (d'Orléans), Henry Pyne, 1870 Sporting Guns Chris McNab, 2007-11-13 Sporting Guns is an illustrated guide to the world's best modern sporting rifles and shotguns from all time favorites such as the Weatherby Mark V to the latest Beretta competition shotguns. Ranging from bolt action rifles to turkey guns, the book examines some of the most exciting available types of long gun for hunting and target sports. Sporting Guns is divided into four chapters that cover the main types of recreational gun: breech loading break open shotguns and rifles, semi automatic and pump shotguns, bolt and manual action rifles and semi automatic rifles. Within each chapter the guns are arranged alphabetically for ease of reference. Each entry takes an individual gun and explores its key features including its operating system, construction, hunting target use, sighting options, price range and important variants. The book also offers essential advice on using sporting guns safely, whether on a shooting range or out in the wild. If you are interested in clay shooting, target practice or outdoor hunting, Sporting Guns will help you find the right gun and keep informed of the best on the gun market. Packed with color photographs, detailed descriptions and full specifications for each weapon, Sporting Guns is the ideal handbook for both novice shooters and expert riflemen alike. Internal Landscape, External Reality Richard Reitz, 2007-05 Internal Landscape External Reality

The author's adventures afield are told within the framework of personal essays or stories that intertwine action, feeling and thought. He describes what it means to be an outdoorsman of ordinary means but one with an extraordinary curiosity about why we do what we do in the pursuit of game and fish. He questions tradition with logic and a wry humor at times and pokes fun at fads, rationalization and sometimes himself. Hunting and fishing provide excuse for delightful equipment: too rods and guns and their many accessories all special for the adventures they make possible and share. Overall the outdoors is treated as a special place full of wonderful creatures, fine scenery and the potential for modest adventures alone or shared with companions, both human or animal. The impulse to examine a life enriched and defined by the time spent in the outdoors in the pursuit of game and fish and indoors in the examination of its spoken and unspoken traditions provides the environment.
