The Future of Disaster Management in the U.S. Amy LePore, 2016-12-08 U S congressional debates over the last few years have highlighted a paradox although research demonstrates that emergencies are most effectively managed at the local level fiscal support and programmatic management in response to disasters has shifted to the federal level While the growing complexity of catastrophes may overwhelm local capacities and would seem to necessitate more federal engagement can a federal approach be sustainable and can it contribute to local capacity building This timely book examines local capacity building as well as the current legal policy and fiscal framework for disaster management questioning some of the fundamentals of the current system exploring whether accountability and responsibilities are correctly placed offering alternative models and taking stock of the current practices that reflect an effective use of resources in a complex emergency management system The Future of Disaster Management in the U S will be of interest to disaster and emergency managers as well as public servants and policy makers at all levels tasked with responding to increasingly complex catastrophes of all kinds

Our Crumbling Foundation Gregor Craigie, 2024-03-05 NATIONAL BESTSELLER WINNER OF BC BOOK PRIZE GEORGE RYGA AWARD FOR SOCIAL AWARENESS FINALIST FOR THE BALSILLIE PRIZE FOR PUBLIC POLICY FINALIST FOR THE BC BOOK AWARDS HUBERT EVANS NON FICTION PRIZE A GLOBE AND MAIL BEST BOOK A HILL TIMES BEST BOOK An urgent and illuminating examination of the unrelenting housing crisis Canadians find ourselves facing by Balsillie Prize finalist and CBC Radio host Gregor Craigie Our Crumbling Foundation offers real life solutions from around the world and hope for new housing innovation in the face of seemingly impossible obstacles Canada is experiencing a housing shortage Although house prices in major Canadian cities appeared to have topped out new housing isn't coming onto the market quickly enough Higher interest rates have only tightened the pressure on buyers and renters too as rising mortgage rates cost landlords more which are passed along to tenants in rent increases Even with recent federal budget commitments to bring more housing online by 2030 there will still be a shortfall of 3.5 million homes by then Gregor Craigie is a CBC journalist in Victoria one of the highest priced housing markets in the country On his daily radio show On The Island he's been talking for over 17 years to local experts and to those across the country about housing Craigie has travelled to many of the places he profiles in the book and in his interviews with Canadians he presents the human face of the shortfall as he speaks with renters owners and homeless people exploring their varying predicaments and perspectives He then shows through comparable profiles of people across the globe how other North American and international jurisdictions Tokyo Paris Berlin Helsinki Singapore Ireland to name a few are housing their citizens better faster and with determination solutions that could be put into practice here With passion knowledge and vigour Craigie explains how Canada reached this critical impasse and will convince those who may not yet recognize how badly our entire country is in need of change Our Crumbling Foundation provides hope for finding our way out of the crisis by recommending a number of approaches at all levels of government The prescription for how we're going to house ourselves and do so equitably requires not just a business solution nor simply a social solution but rather a combination of both working hand in hand with all levels of government and quickly in order to catch up with and outpace the needs of Canadians in this ever intensifying crisis over a basic human right

Crisis and Migration Anna Lindley, 2014-07-11 Crisis and migration have a long association in popular and policy discourse as well as in social scientific analysis Despite the emergence of more nuanced and even celebratory accounts of mobility in recent years there remains a persistent emphasis on migration being either a symptom or a cause of crisis

Moreover in the context of a recent series of headline hitting and politically controversial situations terms like migration crisis and crisis migration are acquiring increasing currency among policy makers and academics Crisis and Migration provides fresh perspectives on this routine association critically examining a series of politically controversial situations around the world Drawing on first hand research into the Arab uprisings conflict and famine in the Horn of Africa cartel violence in Latin America the global economic crisis and immigration crises from East Asia to Southern Africa to Europe the book s contributors situate a set of contemporary crises within longer histories of social change and human mobility showing the importance of treating crisis and migration as contextualised processes rather than isolated events By exploring how migration and crisis articulate as lived experiences and political constructs the book brings migration from the margins to the centre of discussions of social transformation and crisis illuminates the acute politicisation and diverse spatialisations of crisis migration relationships and urges a nuanced cautious and critical approach to associations of crisis and migration
