Hurricane Manuel Cuba:

A History of Cuban Baseball, 1864-2006 Peter C. Bjarkman, 2014-06-17 When Cuba met Japan in the finals of Major League Baseball's 2006 World Baseball Classic WBC many among the international audience were shocked that a purported amateur team could challenge for the sport's first true world championship But those who had paid attention to international tournaments were hardly surprised by Cuba's strong showing against all star teams of Puerto Rican Dominican Venezuelan and U S major leaguers The undisputed champions of global baseball Cuba had reigned supreme for better than a half century at the avowed American national game In this groundbreaking volume Peter Bjarkman traces the full arc of island baseball history from the pioneering era of integrated play in the winter leagues across the many triumphs of the post revolution decades and up through Cuba's initial WBC triumphs

Cuba Louis A. Pérez, 2015 Spanning the history of the island from pre Columbian times to the present this highly acclaimed survey examines Cuba's political and economic development within the context of its international relations and continuing struggle for self determination The dualism that emerged in Cuban ideology between liberal constructs of patria and radical formulations of nationality is fully investigated as a source of both national tension and competing notions of liberty equality and justice Author Louis A Pérez Jr integrates local and provincial developments with issues of class race and gender to give students a full and fascinating account of Cuba's history focusing on its struggle for nationality

Dictator's Dreamscape Joseph R. Hartman, 2019-04-23 Joseph Hartman focuses on the public works campaign of Cuban president and later dictator Gerardo Machado Political histories often condemn Machado as a US puppet dictator overthrown in a labor revolt and popular revolution in 1933 Architectural histories tend to catalogue his regime's public works as derivatives of US and European models Dictator's Dreamscape reassesses the regime's public works program as a highly nuanced visual project embedded in centuries old representations of Cuba alongside wider debates on the nature of art and architecture in general especially in regards to globalization and the spread of US style consumerism The cultural production overseen by Machado gives a fresh and greatly broadened perspective on his regime's accomplishments failures and crimes The book addresses the regime's architectural program as a visual and architectonic response to debates over Cuban national identity US imperialism and Machado's own cult of personality

Winds of Change Louis A. Pérez Jr.,2002-11-25 The first book to establish hurricanes as a key factor in the development of modern Cuba Winds of Change shows how these great storms played a decisive role in shaping the economy the culture and the nation during a critical century in the island s history Always vulnerable to hurricanes Cuba was ravaged in 1842 1844 and 1846 by three catastrophic storms with staggering losses of life and property Louis Perez combines eyewitness and literary accounts with agricultural data and economic records to show how important facets of the colonial political economy among them land tenure forms labor organization and production systems and many of the social relationships at the core of Cuban society were transformed as a result of these and lesser hurricanes He also examines the impact of repeated natural disasters on the development of Cuban identity and community Bound together in the face of forces beyond their control Cubans forged bonds of unity in their ongoing efforts to persevere and recover in the aftermath of destruction

Cuba in a Global Context Catherine Krull,2014-01-20 Cuba in a Global Context examines the unlikely prominence of the island nation s geopolitical role The contributors to this volume explore the myriad ways in which Cuba has not only maintained but often increased its reach and influence in Latin America Europe Africa and Asia From the beginning the Castro regime established a foreign policy that would legitimize the revolutionary government if not in the eyes of the United States at least in the eyes of other global actors The essays in this volume shed new light on Cuban diplomacy with communist China as well as with Western governments such as Great Britain and Canada In recent years Cubans have improved their lives in the face of the ongoing U S embargo The promotion of increased economic and political cooperation between Cuba and Venezuela served as a catalyst for the Petrocaribe group Links established with countries in the Caribbean and Central America have increased tourism medical diplomacy and food sovereignty across the region Cuban transnationalism has also succeeded in creating people to people contacts involving those who have remained on the island and members of the Cuban diaspora While the specifics of Cuba s international relations are likely to change as new leaders take over the role of Cubans working to assert their sovereignty has undoubtedly impacted every corner of the globe

Now available in ePub format. *Cuban Baseball* Jorge S. Figueredo, 2010-06-28 In March 1999 the Baltimore Orioles played a team of Cuban all-stars the first time a major league baseball team from the United States had played a Cuban team since 1959. Before communism Cuba had a rich baseball history fielding teams that often defeated U.S. major league opponents. This text presents basic statistical information and listings for every Cuban baseball team from 1878 until 1961 when the communist government of Fidel Castro shut down professional sports. The information for each season includes the final standings, team rosters, all-time records, individual statistics arranged by team, and background information. The appendix lists the Cuban players in the first three eras, all-time leaders for batting average, runs, hits, doubles, triples, home runs, RBI, stolen bases, pitching, completed games, wins, losses, MVPs, Rookies of the Year, and much more. The book is profusely illustrated with photographs. On Location in Cuba Ann Marie Stock, 2009 This study focusses on what the author calls Street Filmmaking: the production of audiovisual artists who work outside the state film industry to examine the island's transformation and changing notions of Cuban identity. *Cuba for the Misinformed* Mick Winter, 2013 For more than 50 years the U.S. government and news media have misrepresented the truth about Cuba. This book brings together a fascinating array of facts and anecdotes about Cuba: its government, its people, and the actions the United States has taken against the well-being of those people. Presented in an encyclopedic format. **Performance, Trauma and Puerto Rico in Musical Theatre** Colleen Rua, 2023-08-11 This study positions four musicals and their associated artists as mobilizers of defiant joy in relation to trauma and healing in Puerto Rico. This book argues that the historical trajectory of these musicals has formed a canon of works that have reiterated, resisted, or transformed experiences of trauma through linguistic ritual and geographic interventions. These traumas may be disaster-related, migrant-related, colonial, or patriarchal. Bilingualism and translation, ritual action, and geographic space engage moments of trauma, natural disaster, incarceration, death, and healing, community celebration, grieving, emancipation in these works. The musicals considered are *West Side Story* (1957, 2009, 2019), *The Capeman* (1998), *In the Heights* (2008), and *Hamilton* (2015). Central to this argument is that each of the musicals discussed is tied to Puerto Rico either through the representation of Puerto Rican characters and stories or through the Puerto Rican positionality of its creators. The author moves beyond the musicals to consider Lin Manuel Miranda as an embodied site of healing that has been met with controversy, as well as post-Hurricane Maria relief efforts led by Miranda on the island and from a distance. In each of the works discussed, acts of belonging shape notions of survivorship and witness. This book also opens a dialogue between these musicals and the work of island-based artists. *Y no hab a luz* that has served as sites of first response to disaster. This book will be of interest to students and scholars in Latinx Theatre, Musical Theatre, and Translation studies. *The Cuban*

Operation Pedro Pan is often remembered within the U S as an urgent rescue mission but Deborah Shnookal points out that a multitude of complex factors drove the exodus including Cold War propaganda and the Catholic Church s opposition to the island s new government Shnookal illustrates how and why Cold War scare tactics were so effective in setting the airlift in motion focusing on their context the rapid and profound social changes unleashed by the 1959 Revolution including the mobilization of 100 000 Cuban teenagers in the 1961 national literacy campaign Other reforms made by the revolutionary government affected women education religious schools and relations within the family and between the races Shnookal exposes how in its effort to undermine support for the revolution the U S government manipulated the aspirations and insecurities of more affluent Cubans She traces the parallel stories of the young Pedro Pans separated from their families in some cases indefinitely in what is often regarded in Cuba as a mass kidnapping and the children who stayed and joined the literacy brigades These divergent journeys reveal many underlying issues in the historically fraught relationship between the U S and Cuba and much about the profound social revolution that took place on the island after 1959 Publication of the paperback edition made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities

Revolutions in Cuba and Venezuela Silvia Pedraza, Carlos A. Romero, 2023-03-28 This book compares the sociopolitical processes behind two major revolutions Cuba in 1959 when Fidel Castro came to power and Venezuela in 1999 when Hugo Ch vez won the presidential election
