Employment Relations in the Global Economy Carola Frege, John Kelly, 2013-07-24 Employment Relations is widely taught in business schools around the world Increasingly however more emphasis is being placed on the comparative and international dimensions of the relations between employers and workers It is becoming ever more important to comprehend today's work and employment issues alongside a knowledge of the dynamics between global financial and product markets global production chains national and international employment actors and institutions and the ways in which these relationships play out in different national contexts This textbook is the first to present a cross section of country studies including all four BRIC countries Brazil Russia India and China alongside integrative thematic chapters covering all the important topics needed to excel in this field The textbook also benefits from the editors and contributors experience as leading scholars in Employment Relations The book is an ideal resource for students on advanced undergraduate and postgraduate comparative programmes across areas such as Employment Relations Human Resource Management Political Economy Labour Politics Industrial and Economic Sociology Regulation and Social Policy **The Interpretation and Uniformity of the UNCITRAL Model Law on International Commercial Arbitration** Dean Lewis, 2016-03-22 Numerous

jurisdictions worldwide have augmented their ratification of the New York Convention of 1958 with the UNCITRAL Model Law 1985 UML which takes a giant step forward toward global uniformity in legal application and understanding of the arbitration process This book develops a standard or benchmark for the UML objective of uniformity using the relevant legislation and case law of Hong Kong Singapore and Australia to consider whether a uniform approach to implementation of the UML and its interpretation is being achieved across those jurisdictions The author s methodological tools are eminently adaptable to other jurisdictions Given the importance of the ability to set aside an arbitral award the body of case law on setting aside and the directly related area of enforcement the emphasis throughout is on Article 34 In addition the study considers the meaning of uniformity in law and in the context of the UML the correct approach to interpretation of the UML pre and post Article 2A the interpretational relationship between the UML and the Convention on Contracts for the International Sale of Goods CISG the relationship between the UML and the New York Convention the degree of textual uniformity of Article 34 with the three jurisdictions focused on and the degree of applied uniformity of Article 34 both in terms of juristic methodology and similarity of results The author with more than thirty years of practice in the field of commercial arbitration in Hong Kong has had access to voluminous cases spanning decades and brings his specialist expertise to the subject This book considers whether the UML has succeeded in its aim of achieving uniformity It serves as a guide both academic and practical to exploring and adopting the correct approach to the interpretation of the UML as well as to the method of classification of court decisions under the UML This study is of immeasurable academic and practical value

Class Dynamics of Development Jonathan Pattenden,Liam Campling,Satoshi Miyamura,Benjamin Selwyn,2018-12-07 This book argues that class relations are constitutive of development processes and central to understanding inequality within and between countries It does so via a transdisciplinary approach that draws on case studies from Asia Latin America and sub Saharan Africa Contributors illustrate and explain the diversity of forms of class relations and the ways in which they interplay with other social relations of dominance and subordination such as gender and ethnicity as part of a wider project to revitalise class analysis in the study of development problems and experiences Class is conceived as arising out of exploitative social relations of production but is formulated through and expressed by multiple determinations By illuminating the diversity of social formations this book illustrates the depth and complexity present in Marx s method This book was originally published as a special issue of Third World Quarterly

Arbitrability Fabien Gélinas,Leyla Bahmany,2023-11-17 As simple as the arbitrability question might appear namely what types of issues may and may not be submitted to arbitration for a legal system to set a clear and consistent approach to arbitration it must consider many complicated factors that relate to public policy and economic priorities as well as international relations This comprehensive precise and practical book identifies and analyzes the fundamentals of and major approaches to arbitrability in the current international context The authors focus on nine major arbitration jurisdictions the United States Canada France England and

Wales Switzerland Germany China Mainland Hong Kong and Singapore with meticulous attention to each jurisdiction's pertinent case law and legislative framework as well as relevant commentary For each jurisdiction the arbitrability of disputes in the following fields of law is discussed antitrust competition bankruptcy insolvency consumer corporate family domestic relations intellectual property copyright patent and trademark labor employment securities and torts Based on the jurisdiction by jurisdiction analysis the authors identify key areas in which the selected jurisdictions share similarities and evince differences with respect to each of the above mentioned fields With a structure that enables readers to easily locate what they are looking for and gives clear cut answers this unique book fully elucidates the notion of arbitrability by identifying the key concepts the applicable rules and different criteria for arbitrability and by explaining how different jurisdictions deal with specific types of disputes It will be welcomed by counsel arbitrators judges students and academics active in international arbitration and the enforcement of arbitral awards

Research Handbook on Transnational Labour Law Adelle Blackett, Anne Trebilcock, 2015-09-25 The editors substantive introduction and the specially commissioned chapters in the Handbook explore the emergence of transnational labour law as a field along with its contested contours The expansion of traditional legal methods such as treaties is juxtaposed with the proliferation of contemporary alternatives such as indicators framework agreements and consumer led initiatives Key international and regional institutions are studied for their coverage of such classic topics as freedom of association equality and sectoral labour standard setting as well as for the space they provide for dialogue The volume underscores transnational labour law's capacity to build bridges including on migration climate change and development

International Migration in Southeast Asia Kwen Fee Lian, Md Mizanur Rahman, Yabit bin Alas, 2015-10-24 This book is a collection of work by migration scholars and researchers who are actively conducting fieldwork in Southeast Asia It presents a wide variety of current research and approaches the field of international labor migration from a regional perspective acknowledging that the migration process goes beyond local and

national boundaries and is embedded in regional and global interconnections The chapters capture the complexity and richness of the migration phenomenon and experience which manifests itself in a multitude of ways in a region well known for its diversity The collection highlights the continuities and discontinuities in the linkages that have been forged through the movement of people between sending and receiving societies Such linkages are explained by distinguishing between migration that has been sustained by a colonial past and migration that has been precipitated by globalization in the last two decades The diversity of issues in the region covered by this volume will encourage a rethink of some of the conventional views of migration scholarship and result in a more critical reflection of how we approach migration research *Decisions and Orders of the National Labor Relations Board* United States.
