

Letter – Sound Identification

Student Name _____

Date _____

Directions: Display one row of the Letter Identification Chart at a time. Ask the child to point to a letter and say its name for both capital and lower case letters. Then show the Sound and Word Association Chart one row at a time, and ask the child to name its letter sound, and a word that begins with that letter sound. Record incorrect responses, and then complete the scoring form. If the child scores 15 or below in any of the five areas at the mid-year benchmark, return that area to your small group.
