Proceedings, American Philosophical Society (vol. 149, no. 1, 2005) , Belle Baranceanu Jennifer Peoples Hernandez,2023-01-20 In this first biography of artist Belle Goldschlager Baranceanu Jennifer Peoples Hernandez tells the extraordinary story of a woman who rose from humble beginnings to become the most important female muralist in San Diego during the Great Depression and a prominent California Modern artist Her meteoric rise in the art world began in Chicago in the 1920s but the onset of the Great Depression nearly ended her career Drawing from previously unpublished letters and archival records Hernandez skillfully weaves Baranceanu s resilient story into the larger history of the Depression

and New Deal in Chicago and San Diego and highlights the success of the government's work relief programs For Baranceanu and others fortunate enough to work for the New Deal art projects the Depression turned out to be a golden age in American art history with a level of government patronage that has been unmatched ever since *Thomas Eakins and the Cultures of Modernity* Alan C. Braddock, 2009-03-31 *Thomas Eakins and the Cultures of Modernity* is the first book to situate Philadelphia's greatest realist painter in relation to the historical discourse of cultural difference In this study Alan C Braddock reveals that modern anthropological perceptions of culture which many art historians attribute to Eakins did not become current until after the artist's death in 1916 Braddock finds in the work of Thomas Eakins a lifelong engagement with aesthetic and social currents that extended well beyond his native city of Philadelphia indicating the persistence of a worldly sensibility long after he had concluded his formative studies in Europe during the 1860s Braddock shows how Eakins developed a localized cosmopolitanism all his own based in Philadelphia but tapped into a global field of visual production
