LANGUAGE AND EDUCATION POLICIES IN THE PHILIPPINES David Michael M. San Juan ,2023-01-01 This book is aimed at critiquing existing language and education policies through the lens of language advocates and typically politically sidelined education stakeholders and at the same time providing feasible policy recommendations to steer policies closer to grassroots aspirations of a multilingual country where our collective sense of nationhood and nationalism empowers us to reshape our education system for national development rather than the tired catchphrase of global competitiveness Such critiques and alternative perspectives are informed by available studies recent data and updated statistics This book is thus a handy introduction to 21st century language and education policies in the Philippines for both education stakeholders advocates administrators professionals and students

The Report: Mongolia 2014 Oxford Business Group,2014-05-23 Since the country s transition from communism two decades ago the Mongolian economy has experienced rapid liberalisation Sectors including ICT and insurance are expanding quickly and while the mining sector has been responsible for making Mongolia a rising star in the global economy there is great potential for further growth in all economic sectors Politically stable and rich with natural resources Mongolia has emerged as a bellwether for investor confidence in recent years The 2013 commercialisation of the Oyu Tolgoi gold and copper mine is helping to diversify Mongolia s mineral exports away from coal while the government is working to improve the investment environment by adopting the new Investment Law among other measures Challenges do exist however from the long harsh winters that slow construction to the difficulty of connecting the sparsely populated nation through ICT and transport systems In response the government has partnered with the private sector on a number of fronts in order to promote economic diversification and competitiveness
