Charles Hunter, 2018-06-16 If you're a newbie to the outdoors you're going to want to want this book. This book goes over all the introductory points of survival in the outdoors. The book goes into detail about the basic facts of hiking, camping, backpacking, and hunting. The book also covers the attitude needed to survive in the worst possible conditions. There are also chapters devoted to all the basic gear that is recommended and required when you go to hunt, backpack, or camp. The book explores several options for camping and backpacking during the day and overnight. This also gives you pricing recommendations on the different types of hiking and camping boots as well as different hunting knives that are easily re-sharpened on the go. I could provide the most accurate cuts for your hunting kills. When you search online for survival books, this should be one of the first results you find. If you search online for backpacking books, again, this book should come up. If you search online for introduction to camping books or books on the deer needed to catch deer, this is a plausible book for that. You could do your whole trip based on this book. This book is designed for those who don't have experience in the wild or have very little experience in the wild. All throughout the book, there is a theme of building stamina. Rather than book it is suggested to go on smaller trips to build up your stamina before going on the big adventure. This whole book is talking about prepping for your big adventure. One needs to be physically fit before they go on their big adventure. You have to be at least walking every day in order to do one of these big trips. This book will teach you how to build up the stamina to go on big trips often. This book teaches you how to, in some cases, take the comforts of home with you. Some parts of the book talk about improvising without the comforts of home on the go. If you need encouragement for the outdoors, this book will give it to you. This book is for more than just a guide full of products that you can get and Amazon recommendations. It is an instruction book for how to make your trips the most successful and movies but harmful. So before you go on your next trip, be sure to pick up a copy of this book. Read through it a couple times until the information sinks in. Take it with you on the trip that you go on and follow its advice. Rest assured following that advice in the world will keep you safe and secure. Also, please be sure to stay tuned for the advanced survival guide coming soon. Feel free to leave your reviews on Amazon. We look forward to seeing your input on what we could put in the following book. Be sure to recommend this book to others once you read it.

Wilderness Survival Skills Bob Holtzman, 2012-04-18 Wilderness Survival Skills is an outdoor survival guide that utilizes the most popular and versatile tool carried by every hiker, camper, and hunter: the knife. It provides you with the essential information and life-saving techniques for all survival situations, including hunting, fishing, and trapping, building a shelter, making a fire, self-defense, and carving useful tools. Each chapter presents the knife skills and activities essential for wilderness survival, including using a knife and axe, carrying and caring for a knife, securing food with a knife, sharpening an axe, and constructing watercraft with a knife. **Victorinox Swiss Army Knife Camping & Outdoor Survival Guide**
